

New RHA vice president resigns after decision to move off campus

The recently elected vice president of the Residence Hall Association, Cliff, DeLong, has resigned, RHA president Tom Mockler said Thursday.

Mockler said DeLong had been considering leaving the residence halls for the past few weeks, but that DeLong just told him Wednesday that he had definitely decided to move off-campus.

Mockler said he was somewhat surprised, but not upset about the news.

"I tend to be a little stoic about things like this," the president said. "Initially, I was surprised and tried to talk him out of

it, but if he's going to live off campus, there's really nothing I can do."

Mockler said that coming so soon after the March 3 election and so close to the end of the year, DeLong's resignation shouldn't disrupt the organization too much. Because the vice president's main purpose is to run meetings, Mockler said he will appoint a temporary speaker for the last two meetings of the year. In the meantime, he will be talking to students interested in becoming vice president with the approval of the RHA Council.

DeLong, a Harper Hall resident, was unavailable for comment.

Health Center Board discusses alcohol awareness program plans

By Vicki Ruhga

Suggestions for an alcohol awareness program at UNL were discussed at Wednesday's Student Health Center Advisory Board meeting.

Faculty adviser Margi Haberman attended an Alcohol Awareness Day at Wesley House. She submitted a list of groups which may be interested in sponsoring a program on the UNL campus.

"With all the youth congregated in one spot, we ought to have some facilities for alcoholism treatment," Haberman said.

Board Chairman Mike Grier planned to draft a letter to send to the various groups to determine if they were interested in starting an alcoholism counseling facility on campus. This will be coordinated with the Interfraternity Council, he said.

The board will also sponsor a booth at the Health Fair the week of April 21, Grier said.

Health center Administrator Steve Blom announced that he has received bids from five consulting firms on the renovation of the health center.

Blom said that he intends to select a firm by next week so that it could be on campus by mid-April. The bids, which ranged from \$28,000 to \$55,000, are for making recommendations on any renovations or expansions of the health center.

"It is basically for consultation and initial ideas regarding programs," Blom said. "The firm would talk to students, visit

with the board and health center personnel to determine the health center's needs."

Blom said that if there was a legitimate need for expansion or renovation, money would be available through a bond fund. However, the process would take at least a couple of years and involve another contract for architectural buildings, he said.

A Feb. 25 Fun Run is being sponsored by the health center in conjunction with the Innocents Society, Blom said. The three mile run begins at 9 a.m. at Pioneers Park, and has a \$1 entry fee.

"If students are interested and participate, we may sponsor one on campus next year," Blom said.

The board also approved having all meetings at the health center, rather than at the Union. The time of meetings has also been changed to 4:30 p.m. due to board member's conflicts with classes, Grier said.

The National Meeting of College Health Centers to be April 13 through 18 in Seattle was also discussed.

"It will be one of the biggest conferences ever," Blom said. "Administrators and students meet to discuss all areas of health care."

Blom, medical director Dr. Gerald Fleischli, and laboratory technician Doris Johnson will represent UNL. The board will consider having a student member attend the conference. Former board chairperson, Roy Miller, attended last year's conference.

UNL forensics team places first

The UNL forensics team won the national championship of Delta Sigma Rho-Tau Kappa Alpha, a speech and debate honorary, at a tournament March 19 through 21 at Texas Tech University in Lubbock, Texas.

UNL's Kate Joeckel, Lincoln, captured

first place in persuasive speaking and impromptu speaking. She was second in extemporaneous speaking and fourth in communication analysis. Deb Renter, Valley, took second in dramatic interpretation and was a semi-finalist in both interpretation of prose and interpretation of poetry.
