Junior Senior

Did your junior or senior check remind you of a needed course you meant to take -- but didn't?

If so, UNL's independent study by correspondence could help you fit that course into your busy final semesters. Over 100 courses are available--you work at your pace, your place. For information visit the Division of Continuing Studies Independent Study Department, room 269, Nebraska Center for Continuing Education, 33rd and Holdrege. Take the shuttle bus from city campus. Or call 472-1926.

UNL does not discriminate in its academic, admissions or employment programs and abides by all federal regulations pertaining to same.

Correction

A story entitled "Doctor says herpes effects long range" in the April 12 Daily Nebraskan incorrectly reported that "herpes may cause long-range joint pains (arthritis), heart trouble or sterility."

These symptoms are actually associated with gonorrhea. Herpes may cause a severe eye infection if the virus is transferred to the eyes. In rare instances, the virus may enter the brain and may cause inflammation. Herpes may also be transferred to a newborn if a woman has active genital herpes at the time of delivery.

Tours offer glimpses of New York, Paris

Tours for fun and credit will be offered this spring and summer by the UNL Division of Continuing Studies and International Educational Services.

"Paris - Seat of French Civilization," taught in English, will focus on the role of Paris as the center of French social, political and cultural life from Roman times to the present. Tom Carr will lead this three credit-hour tour May 9 through 30.

Mexico City, Puebla and Vera Cruz are the sites for a May 14 through 23 study tour for Spanish students. The tour leader will be Arlys Eddy and credit may be earned in Spanish 202F or independent study.

Textile, clothing and design students can look into the fashion world of New York May 23 through 30. Students will hear representatives of the Fashion Institute of Technology, Charles Kleibacker Couture, *Women's Wear Daily*, *Esquire Magazine* and others. The tour will include design analysis and study at museums and individual explorations of the Fifth Avenue area and the Third Avenue and Lexington Avenue boutiques. Robert Hillestad will conduct the two credit-hour tour.

A graduate credit study tour to Great Britain will visit educational institutions and training and development programs in British business and industrial organizations. Lectures by British educators, an education conference and individual projects will be included in this June 7 through 22 tour to be led by Howard Eckel.

"Adventure in the Andes," a noncredit tour June 5 through 27, will go to Peru, Ecuador and Bolivia. It will be led by Suzy Prenger, UNL Spanish instructor and experienced South American traveller. The itinerary includes stays in Quito, Lima, La Paz and Cuzco; visits to markets, festivals, the ruins of Saschuaman and Lake Titicaca, the highest lake in the world. There will be an option for a white water raft trip down the Urumba River and a hike up the Inca Trail to Machu Picchu.

For more information on these college credit or non-credit tours or the Winterim Tours, Dec. 26, 1982 through Jan. 9 1983, call Christa Joy at 472-3264.

Tomorrow's the day

Our annual Appreciation Day is back.

You can save 20% in every department on any purchase.*

The year-long wait is over. Tomorrow and tomorrow only you can save 20% on every purchase* in every department. It's just our way of saying, "Thank You" for your past business.

*See tomorrow's Daily Nebraskan for complete details.

The University Child Care Project is having its fourth annual spring raffle. Tickets can be purchased through April 19 from parents and staff members or at the project's main office, 333 N. 14th St. for \$1 each. The drawing will be April 23 at Commonplace, UMHE, 333 N. 14th St.

Towne Club Sorority is looking for a new adviser. Towne Club is a sorority for non-affiliated women who live in Lancaster County. Any interested faculty or staff members should contact Ennio in the Campus Activities and Programs office.

Public night at Behlen Observatory will be April 30 from 8 p.m. to 11 p.m. Observation of the planets will be featured. The same "alignment" of the planets which recently led to talk of a "Jupiter effect" will make it possible to view many of the planets through the 30-inch telescope. The first-quarter moon also will be viewed. There is no admission charge.
