Question (Ala Curt, courtesy of The Clash!):
"Should I say or should I go?"
Should I stay or should I go now?
Should I stay or should I go now?

If I go there will be trouble, and if I stay there will be double. . . . If we stay there will be double trouble. . . . so we're going to CU (but not until Monday!) . . . therefore you'll only get into trouble (not double) but, please don't lie in the fetal position on the porch without jeans on teasing kitties, unless someone has a camera!
Happy Birthday, say Bir-d PAT AND BLACK PAT
