Winter joggers will have to wait for the end of the football season before they can run on the "mushroom gardens" track, pictured above. Bill Shepard, UNL grounds director for the athletic department, said that the track, located under the east stands at Memorial Stadium, has a crushed-rock surface that must be watered down daily. The athletic department does not have enough time during the football season to keep the track in shape, said Tom Simons, assistant sports information director. The track was built in 1923 when the east stadium was constructed.

NOW WE'LL PAY YOU TO ATTEND MEDICAL SCHOOL

In fact, we'll even pay you more than \$550 a month while you attend. That's in addition to paying for your full tuition and required books and fees.

It's all part of the Armed Forces Health Professions Scholarship Program. How does it work?

If you're selected for a Physician Scholarship—from the Army, Navy, or Air Force—you're commissioned as an officer in the Reserve.

While you're in school, you'll serve 45 days a year on active duty, gaining valuable medical experience. After graduation, you will serve three or more years, the length depending on the requirements of the Service selected and years of scholarship assistance received.

As an Armed Forces physician you'll receive officer's pay and benefits, and enjoy the advantages of working regular hours. You'll also see a diversity of patients and have opportunities to use sophisticated medical technology.

But most important, while you're in medical school we'll help pay the bills. For more information, send in the coupon. There's no obligation whatsoever.

Yes, I am interested in receiving more information about an Armed Forces Health Professions Scholarship. I understand there is no obligation. (OS)
