Grune: For your hounding and dogged efforts in trying to find a job. Rover Phone Home

A new dog is most difficult to name. Stain, Flido, and Spot; they're all the same. But one appellation that pleases the eye. Is the palindrome Rover, now don't ask me why! T'was midafternoon, when from out of the blue Came a strange blinking object, I swear it's true!

A UFO no doubt, with alien designs Silenced our Rover, in his backyard confines. They said he was sleeping out there on the lawn I waited and waited. I waited till dawn.

There was no movement, nor hide nor hair He lay covered with dew, just glistening there, Rover with all his canine charm Won't hear us read the twenty-third psalm His chums pay tribute, though out of tune So goes another, dog day afternoon. Anonymous Boach
