Optimism prevails at Governor's Day

By Eric Peterson

The official occasion was Frank Morrison's induction into the Nebraska Democratic Hall of Fame, but the Democrats at the Governors' Day dinner Friday at the NBC Center were anticipating the election of Democratic gubernatorial candidate Bob Kerrey.

About 500 people attended the banquet, which cost \$50 a plate, said DiAnna Schimek, Democratic state chairperson.

Speakers recalled Democratic governors and placed Kerry among them. Darlene Brooks, the widow of former Democratic governor Ralph Brooks of McCook, and Morrison, a three-term governor, both stressed Kerrey's qualifications for office.

"Bob Kerrey has increased his payroll in the last year by 300, when most of the Reagan supporters were discharging their employees," Morrison said. Kerrey owns the Grandmother's Skillet and Lounge in Lincoln and Omaha.

U.S. Sen. J. J. Exon gave voice to the group's general feeling that Kerrey is on the upswing.

"I have the good news to report. . . that Charlie Thone received news from his own pollsters that he is behind in the 3rd District," Exon said. The 3rd District is traditionally Nebraska's most Republican area.

The state's financial crisis makes a change of administration essential, Exon said.

"If we ever needed a return to a competent, business-like administration, it's right now with the mess we're in," he said.

Kerrey's comments echoes the optimistic tone of the evening.

"The months ago, many said it was an unlikely and naive attempt," he said. He noted that his candidacy and Thone's mistakes have changed the situations completely.

Kerrey criticized the rigid, anti-welfare philosophy at work in the state and nation. He said that he had needed educational and income assistance after his return from VietNam.

"I want you to know that it didn't make me lazy. . . . It in fact has made me very grateful," he said.

Kerrey said his candidacy is in part a determination to do something about the stagnant state of Nebraska's government.

"You cannot count on right on its own conquering evil," he said.

Geology award is established

To commemorate the lives of Earl G. Colton, a 1924 geology graduate of UNL, and his teacher, Professor E.F. Schramm, the University of Nebraska Foundation has announced a \$3,000 annual scholarship program.

The scholarship is open to an undergraduate or graduate student majoring in geology at UNL. The geology department's scholarship committee will make the selection.

ELECTRICAL ENGINEERS

We are a leader in fast, exciting fields... aircraft, missiles, electronics, automation. Electrical engineers play a vital role in our continued growth and industry leadership. Opportunities for future-minded Electrical Engineers are available in these challenging career fields:

Guidance and Control Mechanics

- Digital Flight Control Design/Analysis
- Inertial Navigation System Analysis
- Software Design Development and Validation
- Trajectory Analysis
- Redundant Digital Signal Processing
- Filtering and Control Techniques

Reliability

- Data Analysis
- Circuit Analysis
- Part Stress Analysis
- Failure Mode and Effect Analysis

Electronics

- Automatic Test Equipment
- Embedded Microprocessor Architecture/Design
- Digital, Analog and RF Equipment/Circuit Design
- Hardware and Software

Fire Control Systems

- Radar
- Forward Looking Infrared, Television, or Laser Technology

Avionics Test Requirements Analysis

- Radar
- Displays
- Inertial Systems
- Flight Computers
- Communication
