## Bicyclists on sidewalks cause concern

Complaints about bicyclists running into pedestrians on campus sidewalks have become common enough to warrant concern, said Bob Fey, UNL police information officer.

Bicyclists using the sidewalks on city campus should yield the right of way to pedestrians, Fey said.

Fey quoted the Lincoln Municipal Code: "Any person operating a bicycle upon a sidewalk or within any sidewalk space shall do so at his own risk and shall yield the right of way to any and all pedestrians," he said.

Bicycles are subject to all the same laws that cars are subject to, he said. They also are granted the same rights as cars.

Bicyclists also should be aware that a Lincoln ordinance prohibits bicyclists from riding on the sidewalks downtown.

The boundaries for downtown established for the ordinance extend from the south line of N Street to the north line of P Street and from the west line of 10th Street to the east line of 16th Street.

Fey noted the importance of bicycle registration. Having your bike registered is required by law, he said. Without registration a stolen bike rarely can be recovered or identified if it is recovered.

"How can we get a bicycle back to its owner without a registration number?" he asked. "If it is registered, we can just check the number and return it."

Bicycle registration is an excellent crime prevention tool, he said.

Bicycles can be registered at the UNL Police Department, 17th and Holdrege streets, for a \$1 charge.

# O.K. SMARTY PANTS. THIS ONE'S FOR YOU.

### The 1983 Pentastar Challenge Calendar.

A chance to win a scholarship, Chrysler product and more.

If you thought The New Chrysler Corporation was something different from other car makers, we're out to prove that you're right. We've developed the "Pentastar Challenge" as a small, but deserving tribute to American ingenuity and intelligence.

#### The Riddle

The challenge in the calendar is an intellectual one. Within the story and illustrations, we've woven an intricate pattern of clues in five different areas of academics; Music, Math, Computer Science, Chemistry and Literature. There's nothing physically hidden or buried. All you need to unravel the conundrums is a fairly sharp pencil and a very sharp mind.

#### The Reward

If you are the first to have solved any one of the five riddles, you'll be awarded a \$5,000 scholarship, a \$5,000 cash grant to your school, your choice of a 1983 Turismo or Charger to drive for a year and a gold Pentastar Medallion. There are also 100 second place prizes of silver medallions. The official rules are on the back of the calendar.

#### The Reason

We think you'll enjoy the Pentastar Challenge Calendar because it's functional, attractive and entertaining. Maybe you should also know that through special arrangement with your College Store, we're helping to support the operation of this very important part of your campus. Is Chrysler getting out of the car business and into the calendar business? No. But at \$4.98 maybe you'll be impressed with Chrysler enough to someday look at our cars. For us, that's the challenge.
