Mona, I've finally decided where I'd like to make my career: State Farm!

State Farm? Great Plowshares! You're going to be a soil tiller. Living an agrarian lifestyle!

Come on now! State Farm is an insurance company.

Virgil, you're going to be a salesman? How could you? Even if they'd have you...

Mona, there's more to insurance than selling policies. Insurance is opportunity. State Farm is looking for people interested in a data processing career. I don't have a computer science degree but I do have 12 hours of data processing courses. So I qualify!

Virgil, you're putting me on.

No way, Mona. State Farm is looking for men and women with any degree and 12 to 15 hours of data processing courses. Of course, you've got to be interested in a data processing career.

Good grief! They're omnivorous.

No, but they're also interested in people in mathematics, accounting, law and actuarial sciences.

Incidentally, the pay is great!

Uh, Virgil, wear a clean pair of jeans to the interview.

For information on career opportunities at State Farm write Ron Prewitt, Assistant Director, Home Office Personnel Relations, One State Farm Plaza, Bloomington, Illinois 61701, or contact your Campus Placement Director, or visit the State Farm Recruiter on campus February 3, 1983.

STATE FARM INSURANCE COMPANIES. Home Offices: Bloomington, Illinois. An Equal Opportunity Employer.
