

## Recreation Room plans variety of activities, beginners welcome

BY Kirk Zebolsky

Bowling leagues head the lineup of activities the Nebraska Recreation Room will offer to UNL students this semester.

Individuals or teams of students and faculty members can sign up for one or more of the leagues until Sept. 19, the first league day. Each scheduled league will bowl once a week. The cost will be \$31.18 per semester. There also will be a \$10 team deposit, that will be refunded at the end of each semester.

Each league is limited to 10, four-person teams. To end the season in April, two teams from each league will compete in an All-University Roll Off, according to Rollie Hughes, union recreation manager.

Last year's champion, B.L.U.F., from the Tuesday Collegiate League, won \$50 per bowler.

The first week of bowling will be non-competitive practice at no charge to the bowlers and beginning bowlers will be introduced to league bowling procedures, Hughes said.

"A good portion of our leagues are usually beginning bowlers," Hughes said.

Any team or individual may sign up for the leagues by calling 472-2458 or stopping by the Recreation Room at the lower level of the union. The Recreation Room is open Monday through Thursday 8:30 a.m. to 10:30 p.m., Fridays 8:30 a.m. to 11:30 p.m., Saturdays 1 p.m. to 11:30 p.m., and Sundays 1 p.m. to 10:30 p.m.

Hughes said that residence halls, fraternity, and sorority groups can rent the Recreation Room lanes for private use for a special cost.

Other recreation activities in the Recreation Room include billiards, 90 cents per hour for one player, \$1.80 per hour for two or more players; board games and darts, free with a valid student I.D.; foosball, 25 cents per game; table tennis, \$4.60 per hour for two players and \$1.20 per hour for four; and coin operated video pinball games. Open bowling, available only during special hours, costs 90 cents per line and 35 cents for shoe rental.

**The Pine Tar Game of 200 B. C.**

Baseball is talked about a great deal in the Bible:— In the big inning. . . —Eve stole first—Adam stole second—Gideon rattled the pitchers—Goliath was put out by David—Prodigal Son made a home run. Moses declared the Prodigal Son out because of too much pine tar on his bat.

## Get down to business faster. With the BA-35.

If there's one thing business students have always needed, this is it: an affordable, business-oriented calculator. The Texas Instruments BA-35, the Student Business Analyst.

Its built-in business formulas let you perform complicated finance, accounting and statistical functions — the ones that usually require a lot of time and a stack of reference books, like present and future value calculations, amortizations and balloon payments.

The BA-35 means you spend less time calculating, and more time learning. One keystroke takes the place of many.

The calculator is just part of the package. You also get a book that follows most business courses: the *Business Analyst Guidebook*. Business professors helped us write it, to help you get the most out of calculator and classroom.

A powerful combination. Think business. With the BA-35 Student Business Analyst.
