T-shirts are furnished, but timers need to provide their own red shorts. It is not very time consuming during the week, and swim meets only last a few hours, Weldon said.

Susan Eddins, manager of men's and women's swimming teams, works personally with the timers. Head baseball coach John Sanders said the bat girls have been helpful in the promotions area in the past.

Sanders said it has not yet been decided what exact role the bat girls will have this baseball season. He said that decision will be made in late September.

"We may re-define their role altogether this year," said Sanders. Or drop them altogether. Before the 1981 season, the bat girls retrieved bats and helmets and sat outside the dugout. Since then, they have been restricted to the stands.

Many possibilities exist for the bat girl role, and Sanders said those are being looked into carefully.
