The price . . .

Continued from Page 4

The sportswriters who were in Texas that afternoon said Danny White left the stadium in a hurry, alone and seemingly confused. It's not hard to imagine; as great as it must be to be the quarterback of the Dallas Cowboys, the apparent price you pay is never knowing for sure when someone is going to take it away from you.

People who achieve the heights are familiar with that feeling; if you don't go after much in this life, if you content yourself with staying in the middle, then you can probably be pretty secure in knowing that the whole world is not shooting for what you have. If you aim for the top, though, and you're lucky enough to get what you want, you must realize every morning when you wake up that people, including people you don't even know, are out there coveting it and planning ways that they might be able to get it.

It's never a question of "if"; it's only a question of "when." Perhaps Gary Hogeboom will start for the Cowboys next year; perhaps it will take a year or two more. But regardless of that, one of these days Danny White is inevitably going to wake up as the one thing he was always destined to be: the former quarterback of the Dallas Cowboys. That's the way the world works.
