

IF WE WANT AN -- ELECTION -- WE HAVE TO SAY SO!

**Without An Election, UNL Faculty Will Have
No Legal Options To Explore.**

THE AAUP FACES A HARD DECISION WHICH IT MUST MAKE BY APRIL 10 — WHETHER TO CONTINUE OUR EFFORTS TO HAVE AN ELECTION ON COLLECTIVE BARGAINING, OR CLOSE DOWN THE CAMPAIGN.

THE AAUP HAS WELL OVER THE 30% REQUIRED TO FILE IN THE COMMISSION ON INDUSTRIAL RELATIONS, BUT NOT THE CLEAR MAJORITY WHICH INDICATES UNAMBIGUOUSLY THE FACULTY'S DESIRE FOR AN ELECTION. WITHOUT MORE CARDS WE WILL NOT BE ABLE TO JUSTIFY CONTINUING TO SPEND THE MONEY AND TIME WHICH THIS EFFORT REQUIRES.

SOME PEOPLE THOUGHT THAT WITH 30% OF THE CARDS, NO ONE ELSE NEEDED TO SIGN. SOME PEOPLE WHO WORRIED ABOUT THE CONFIDENTIALITY OF THE CARDS HOPED THAT THEY WOULD NOT HAVE TO PARTICIPATE.

**You Don't Have To Decide Now How You Will Vote,
But You Must Decide This Week To Sign A Card
To Guarantee Your Chance To Vote.**

**AAUP THINKS IT IS IMPORTANT TO KEEP OUR OPTIONS
OPEN UNTIL THE FOLLOWING QUESTIONS HAVE ANSWERS:**

1. HOW WILL THE INFLUENCE OF FACULTY GOVERNANCE BE REVITALIZED WITHOUT CONTRACT SAFEGUARDS?
2. CAN WE PROTECT TENURE, ACADEMIC FREEDOM, AND THE INTEGRITY OF GRIEVANCE PROCEDURES WITHOUT SUCH CONTRACT PROTECTIONS AS SOUGHT BY UNO?
3. HOW WILL WE PROTECT FACULTY IF PREDICTED DECLINES IN ENROLLMENT MEAN MORE REALLOCATION AND NEW TERMINATIONS?
4. HOW WILL THE SALARY STRUCTURE IN THE NEXT FIVE YEARS ACHIEVE STABILITY? IMPROVE OUR AAU RANKING? ADDRESS INEQUITIES? DISTRIBUTE THE POT?
5. HOW WILL ROSKENS AND SYSTEMS ADMINISTRATION LOBBY MORE EFFECTIVELY FOR UNL? WILL UNL ADMINISTRATORS BE CONSTRAINED BY SYSTEM'S POLICY?

Arab guerrillas wound 50 in Jerusalem attack

JERUSALEM — Three Arab guerrillas hurled hand grenades and sprayed sub-machine gun fire in central Jerusalem Monday, wounding about 50 people before being captured after store keepers and passers-by drew pistols and fired back. Prime Minister Yitzhak Shamir vowed Israel would hit back with all severity "at those who carried out this attack and those who sent them." The pavements of King George Street in the Jewish, western sector of the city, were stained with blood after the attack. Panic-stricken shoppers caught in the cross-fire dived to the ground. Police said the "terrorists" were caught after shopkeepers and passers-by fired back with pistols and that one had died later of his wounds. Interior Minister Yosef Burg told reporters police had not established whether the guerrillas were Palestinians or pro-Iranian Shi'ite extremists. Eyewitnesses said one guerrilla managed to pull two hand grenades from a blue bag and throw them towards a bus.

Father of Gaye held in jail

LOS ANGELES — The 70-year-old ailing father of soul singer Marvin Gaye was held in jail Monday without bail on suspicion of murdering his son. Gaye, who had been troubled in recent years by two divorces and a brief spell of bankruptcy was shot twice in the chest Monday during a family argument. The argument, police said, concerned a party that Gaye planned to give for his 45th birthday Monday. Detective Lieutenant Robert Martin said several shots were fired after an argument between Gaye and his father, a former church minister who is in ill health, at Gaye's parents' home in a quiet part of central Los Angeles Sunday. Gaye apparently pushed his father, also named Marvin Gaye, out of his bedroom in the house during the argument and starting hitting him in the hallway, Martin told a press conference. When Gaye's mother, Alberta, intervened, the father went into another room of his Victorian-styled house. On his return, several revolver shots were fired and the singer was hit twice in the chest, Martin said. Gaye fell to the floor.

Soccer star protests apartheid

JOHANNESBURG, South Africa — A Peruvian soccer star who came to work in South Africa this year has threatened to leave because the country's race laws prevent him from living in the same house as his wife, the Rand Daily Mail reported Monday. Dark-complexioned, Augusto Palacios, a former World Cup player for Peru, has been told he cannot live together with his white wife under South Africa's apartheid system of racial segregation, the newspaper said.

"I cannot believe such crude race discrimination is taking place in the year 1984," he was quoted as saying. "I've seen nothing quite as extraordinary as the callous lumping of human beings into categories because of the color of their skin."

Percentage of smokers drops

DAYTONA BEACH — The percentage of American adults smoking cigarettes dropped from 37 to 29 percent between 1980 and the end of 1983, according to results of a Gallup poll commissioned by the American Cancer Society. Interviewers questioned 1,549 persons aged 18 or over in 1980 and 1,506 last year. The survey, released Monday to a seminar of science writers here, has a three-point margin of error.

Ever 'herd' of 'Mediacows'?

KLEINBURG, Ontario — A Canadian farmer is offering a side of beef with a difference — advertisers can rent space on the back of his Jersey cows to publicize their products. Frazier Mohawk has dubbed the wrap-around service "Mediacow Bullboards" and he insists in his pun-ridden promotional material that the idea is "not udderly frivolous."

"The first series of 12 sides has sold out and is very high. We could put another 10 cows out there," he said. Advertisers pay \$450 a year for their side of beef at Mohawk's public education farm just north of Toronto which is a popular tourist attraction for local schoolchildren. In pitching for advertising revenue, Mohawk asked would-be buyers: "Do readers skim past your ads? Want to milk your market for all it's worth? If so, it's time you heard about Mediacow."
