

Summer in the City

By JEFF GOODWIN

Let's face it, there are only two ways to get through the Merit trial of the Midwest. The State of Nebraska is just a long, long summer of trial and error. But with the right mix of conventional and experimental, you can make it through with the state's residents. It's the same kind of trial and error that you can use to help you get through the summer. It's the same kind of trial and error that you can use to help you get through the summer.

It's something we have to live with every day of our lives during the summer. Every day of our lives. The heat, the heat, the heat. But there are things you can do to combat the summer heat.

Going to movies is one of the best things. Not only do you get to see a good movie, but it doesn't even matter if the movie is bad. You can go to a movie and see a good one. It's cool in there. It's a good idea.

There are other ways to beat the heat. You can go to swimming pools. And there are the hot tubs and hot air balloons. Probably again, the best way to beat the heat is to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.

It's a good idea to go to a swimming pool. You can go to a swimming pool and see a good one. It's cool in there. It's a good idea.
