Funny looking Birkenstock sandals

You've probably heard of them. They're the sandals that more than three million people swear by. The sandals with a 210-year tradition. Funny looking, sure. But Birkenstock shapes to your feet like cool, soft sand, making them the most comfortable sandals in the world for work, home and play. They give you proper support without getting in the way of normal foot and leg movement. They improve your posture and circulation to let you walk healthier, more naturally. And they last and last. Birkenstock. Made funny looking so you can smile more wearing them. 20 men's and women's styles in preferred colors. \$27 to \$74. You've gone without them long enough.
