TYPEWRITERS: A THING OF THE PAST?

Extinct.

A single word for the typewriter that seems to say it all.

But there's a monstrous reason why we at KAYPRO can make such a bold statement.

The KAYPRO Business Pak bridges the gap between the past and the future...between typewriters and computers.

Finally, the complete system for all your office needs.

KAYPRO's "TYPE-IT" allows this system to be used as a typewriter while you learn its other capabilities!

The Business Pak will type more than 200 words per minute! (Your secretary probably types 60wpm.)

The Business Pak will correct all of your spelling errors. Just think! No more white-outs, typeovers or misspelled words! Every correspondence is letter perfect!

The Business Pak will show you a full 13 lines of script and REMEMBER almost 200 pages of text!

The Business Pak will also do super-scripting, sub-scripting, bold face type and more!

The Business Pak will do full text editing, inserting and even format your pages!

The Business Pak will run your form letters and collate your mailing lists!

The Business Pak will project profits, balance your checkbook, do your inventory, estimate jobs, maintain your client lists and more!

The best part is that the KAYPRO Business Pak is complete! There is nothing else to buy, and the total price for the Business Pak is probably LESS than most so-called memory typewriters.

If you've been contemplating the purchase of an electronic memory typewriter at the prices they're asking for them, you're living in the stone age.

Look into KAYPRO's Business Pak and bring yourself up to date.

Grueling schedule faces "best overall" Tiger team

By Stu Pospisil

Daily Nebraskan Senior Reporter

The Marquis de Sade couldn't have lined up a more difficult schedule for the Missouri Tigers this season.

If the nonconference games with Illinois, Wisconsin and Notre

Big Eight Preview

Dame aren't enough to punish Warren Powers' Tigers, Missouri also must play Big Eight title contenders Nebraska, Oklahoma and Oklahoma State on the road.

Missouri's road record since 1980 is 7-10-1, including a 0-4-1 mark in 1982 when the Tigers finished 5-4-2.

Last year the Tigers won five of their last seven games after a 3-2 start, and played in the Holiday Bowl.

Some pre-season forecasts have the Tigers picked as the conference champion, but first Powers must settle on a quarterback.

"I think this squad could be our best overall," Powers said. "We've never had this kind of depth or speed — or the combined talents of two fine quarterbacks."

Powers can choose between senior Marlon Adler, who ranked seventh last year in the NCAA's passing efficiency category, or junior Warren Seitz.

Seitz relieved Adler in the Holiday Bowl loss to Brigham Young and a good spring practice has given Seitz a slight edge heading into fall practice.

"We need to rely more on a tailback-oriented offense," Powers said. That might be impossible, however, since last year's leading tailbacks, Cameron Riley and Tom Floyd, were shifted to the defensive secondary, leaving only Jon Redd. A sophomore, Herbert "Junebug" Johnson, could push Redd.

Fullbacks Eric Drain and Santio Barbosa combined for 1,052 yards, but they scored only six touchdowns. Eddie Esson, who had the longest rushing play of 41 yards, could challenge.

Flanker George Shorthose, who led the Tigers in pass receiving, and split end Andy Hill are the receivers. The offensive line must be rebuilt around center Phil Greenfield and left tackle Dave Kniptash. Sophomore tackle John Clay is being touted as a potential two-time All-American lineman.

Missouri's defense was the 12th best nationally last season, and seven starters return. Among those missing, however, are all-Big Eight selections Bobby Bell and Jay Wilson, and left end Taft Sales.

Replacing both defensive ends will be the sole responsibility of new assistant coach Jim Elam, hired from Houston. Lenson Staples and Eric Troy are the most likely successors for Sales and Bell, each having 4.6 speed in the 40-yard dash.

Big Eight Services

Missouri quarterback Marlon Adler

The interior of the line is intact with tackles Michael Scott and Robert Curry, and middle guard Steve Leslie all returning.

Tracy Mack and Mike Vestweber could be the most mobile set of linebackers in Missouri's history.

Three-fourths of Missouri's defensive secondary returns, but the trio of Terry Matichak, Jerome

Caver and Jeff Hooper intercepted only four passes. Riley and Floyd will provide depth.

Adler again will punt after averaging 38.7 yards for 55 punts. Placekicker Brad Burditt hit a 48-yard field goal against East Carolina, one of his 11 three-pointers. He was 31 of 33 in extra point conversions.

Heart Answers

WHAT IS STROKE?

A stroke occurs when the blood supply to part of the brain is halted by either a clot, a ruptured vessel or pressure on the blood vessel by a tumor. Strokes are more likely to occur when arteries leading to the brain

have been previously damaged by a disease process called hardening of the arteries. Warning signs of a possible stroke may include temporary loss of speech, loss of vision or double vision, unexplained headaches or dizziness. Regular medical checkups are the best protection against strokes. Contact your local American Heart Association for more information.
