## Cable...

Continued from Page 1

After a lower rate for the first year, cable would be \$4.25 per room per month for the next three years, and then would change based on the Consumer Price Index. The \$4.25 rate already is \$1.25 less than the bulk rate charged to hotels and other large buildings, but Zatechka said housing would negotiate for a still lower price because of the uniqueness of the situation.

Zatechka said other items, such as the possibility of the university having a "buy-out option" after a specified number of years could be negotiated.

"We don't want to rush in without knowing all of the technicalities," he said.

Another concern of Zatechka's was the social impact cable TV would have. He expressed concern that cable would be such a social and entertainment attraction that it would draw students away from academic pursuits.

Zatechka said he planned to contact comparable-sized schools who have had cable for several years to see what their experience has been.

### Longest Bicycle Race

The longest one-day "massed start" race is the 551-620 km (342-385 miles) Bordeaux-Paris event. In 1981, Herman van Springel averaged 42.186 km/hr (26.32 mph) covering 584.5 km (362.4 miles) in 13 hr 35 min. 10 sec.

AT&T long distance lets the good times roll for you, too — with discounts of up to 60% every day.

Nobody can match AT&T for savings and service:

- 40% discounts evenings, 60% discounts nights and weekends.
- Immediate credit for incomplete calls and wrong numbers.
- Calls from anywhere to anywhere, anytime.
- 24-hour operator assistance.
- Quality that sounds as close as next door.

It's a winning combination. Why settle for less?

### Longest Walking-On-Hands

In 1900, Johann Hurlinger of Austria walked on his hands from Vienna to Paris in 55 daily 10-hour stints, covering a distance of 871 miles.

AT&T long distance wins hands down when it comes to immediate credit for incomplete calls and wrong numbers.
