Bomb threat...

Continued from Page 1

Hesser said no bomb was found but sheriff's deputies were placed at the two main exits and all other exits were closed off.

Lincoln Mayor Roland Luedtke, who was in the building at the time of the incident, praised sheriff's deputies and Lincoln police involved in the evacuation. He said adjustments made in the building's internal system and surveillance "proved highly successful."

Luedtke said last week's bomb threat resulted in a "beefing up" of the buildings evacuation procedures. He declined to give details of the new procedures but said city officials were to meet Monday afternoon in a closed session to determine the better methods of informing the building's occupants of such an emergency.

Last week former Lincoln resident Joe Eastman, 41, apparently upset over his recent divorce settlement, threatened to detonate what he said was a bomb in the building. The "bomb" turned out to be a clock radio. Sheriff's deputies took Eastman into custody and later transferred him to the Lincoln Regional Center.

Rebels report success after failed peace talks

SAN SALVADOR, El Salvador — Left-wing Salvadoran guerrillas said Monday they killed 60 government troops and wounded more than 40 in an ambush Sunday, two days after peace talks with the U.S.-backed government ended in disagreement. The rebels' Radio Venceremos called the operation "Peace with Sovereignty and Justice," a reference to insurgent demands at the peace talks Friday in Ayagualo for an end to all U.S. involvement in El Salvador, political reforms and a role in government.

that the guerrillas lay down their arms and join in elections. Each side later accused the other of trying to sabotage the talks with impossible demands.

The guerrillas also announced their third traffic ban in six weeks Monday, forbidding movement of all vehicles on roads in eastern El Salvador as part of a campaign to sabotage crops now being harvested. In the past they have enforced the ban by burning vehicles. Security officials said guerrillas machine-gunned a bus near San Jose Guayabal, 15 miles northeast of here, Sunday, killing three civilians and wounding 20.

Friday's meeting was only the second between the two sides and failed to produce any significant breakthrough toward ending the war. The two sides agreed to hold another meeting at an unspecified time and place and to allow the free movement of civilians and vehicles during the Christmas period from Dec. 22 to Jan. 3, 1985.

O'Neill retains speaker position

WASHINGTON — Democrats Monday again chose Rep. Thomas "Tip" O'Neill of Massachusetts as House Speaker after a Texas conservative decided not to challenge him. House Republicans picked Rep. Bob Michel of Illinois as their leader for the new 99th Congress starting Jan. 3, 1985. O'Neill and Michel will be elected formally next month. O'Neill, a liberal pictured by Republicans as a symbol of big-spending Democrats, will turn 72 Sunday. He plans to quit Congress in two years. Texas Democrat Charles Stenholm told a news conference he pulled out of the race after getting O'Neill's promise that conservatives will have a bigger say in party affairs.

Boatlifted Cubans to be citizens

MIAMI — Thousands of Cubans who came to the United States in the 1980 Mariel boatlift lined up at registration centers Monday to begin the process of becoming American citizens. The Reagan administration announced last month that "Marielitos" would be allowed to apply for permanent resident status and then citizenship, ending the limbo status of "entrant" they have had since their arrival.

An estimated 125,000 Cubans reached Florida from Mariel, near Havana, after Cuban President Fidel Castro said all who wanted to leave could do so. But Cuban-Americans who made the risky journey across the Florida Strait to pick up relatives found that in many cases, they were also forced to transport "undesirables," including convicted criminals, prostitutes and mental patients. U.S. officials say refugees who committed serious crimes in their homeland or after they reached the United States will be screened out of the registration process.

When the refugees attain resident status, they will be eligible to invite spouses and unmarried children to join them. As citizens, they also will be able to bring in parents, brothers and sisters. U.S. officials say this could ultimately mean a new Cuban influx of up to 300,000 people.

Poison gas leak kills hundreds

NEW DELHI, India — A chemical death cloud leaking from a Union Carbide pesticide plant killed at least 335 people in central India Monday and triggered a middle-of-the-night stampede by thousands to under-equipped hospitals. Doctors in the city of Bhopal said the dead included many young children and elderly people with weak hearts and that the death toll could surpass 600.

In Danbury, Conn., Union Carbide officials were at a loss to explain the accident, which could be the worst industrial catastrophe in history.

Teachers strike Chicago schools

CHICAGO — Public school teachers went on strike in Chicago Monday in a contract dispute, closing the country's third largest public school system and giving 430,000 students an unexpected holiday. The 28,000 teachers, who have been working without a contract since the school year began, were joined on the picket line by 18,000 janitors and other support personnel representing 17 other unions. The teachers are said to be seeking a 9 percent pay raise. The Chicago Board of Education has been demanding a shorter work year, in effect a pay cut, and a reduction in health benefits.

40,000 witness exchange of vows

NEW YORK — A teenage Jewish couple from Brooklyn will be married Tuesday in a giant sports complex in what is being billed as the biggest wedding in history. About 40,000 guests, including thousands who have flown in from abroad, will be attending the arranged wedding of Rabbi Menachem Mendel Teitelbaum, 18, to Brucha Sima Meisels, also 18, to be held in the Nassau County Coliseum. The bride and the groom are first cousins and grandchildren of Rabbi Moses Teitelbaum, the 70-year-old leader of the more than 200,000-member Satmar Hassidic sect, which began in Hungary in the 19th century.

WHO'S GOING TO PAY OFF OUR NATIONAL DEBT?

Future generations may be in for a rude awakening. They might have to pick up the tab for this generation's trillion dollar debt.

Stories like this are complex. That's why you should watch The MacNeil/Lehrer NewsHour every weeknight. News stories get the time they deserve. The time *you* deserve. You get more facts. You hear different sides. Most important, you get the analysis you need to understand the issues behind the stories.

Major funding for The MacNeil/Lehrer NewsHour is provided by AT&T, the national corporate underwriter.

Who's News

R. B. Warren, UNL extension horse specialist, received the Nebraska Cooperative Extension Service Excellence in Extension Programming Award on Monday.

Leo Lucas, dean and director of the Nebraska Cooperative Extension Service, said Warren received the award for development of the state 4-H horse program.

Under Warren's leadership, Nebraska has developed one of the strongest and most respected 4-H horse extension programs in the United States. A member of the UNL staff since 1956, he took charge of the program in 1963 and increased participation and the scope of the program to its current position. More than 4,000 youths now participate in the program.

Setting it Straight

Singer June Millington will appear in concert Friday at 8 p.m. in the Nebraska Union Ballroom. The concert is being presented by the Women's Resource Center and the University Program Council. Millington's name was spelled incorrectly in a shorts column in Monday's Daily Nebraskan.
