Reagan, Bush take oath at White House ceremony

WASHINGTON — Ronald Reagan began his second four-year term as president Sunday after taking the oath of office at a low-key ceremony in the White House. He completed the 35-word oath at 11:56 a.m., four minutes before his first term ended.

Reagan, who took office in 1981 and was reelected in a landslide in November, was sworn in by Supreme Court Chief Justice Warren Burger. Reagan, who will be 74 on Feb. 6 and is the oldest person to serve as president, made no formal remarks at the brief ceremony.

George Bush was sworn in for a second term as vice president.

Because the legal Inauguration Day, Jan. 20, fell on a Sunday, the public inaugural was delayed until today, when Reagan will repeat the oath of office and deliver his inaugural address inside the Capitol.

Man arrested in clinic bombing

WASHINGTON — A third suspect in a series of bombings of Washington abortion clinics and family planning offices has been arrested, law enforcement officials said.

The U.S. Bureau of Alcohol, Tobacco and Firearms identified the man arrested Saturday as Michael Donald Bray, 32, of Bowie, Md. Two other suspects, Thomas Spinks, 36 of Bowie, and Kenneth Shields, 35 of Laurel, Md., were taken into custody earlier.

All three were charged with conspiracy to violate federal explosives and firearms laws and with making and using improvised explosive devices to bomb eight abortion clinics and related centers in Washington, Virginia and Maryland since last Feb. 17, the ATF said. An ATF spokesman said there is no evidence linking the three to other recent bombings of abortion clinics nationwide.

Houston squelches gay rights bill

HOUSTON — Houston voters overwhelmingly rejected measures adopted by the city council last year to protect homosexuals from discrimination against them in city government employment.

Final results of Saturday's election showed the two propositions were defeated by a margin of more than four to one. Over 243,000 ballots were cast, representing a turnout of 29 percent of the city's registered voters. The measures, narrowly approved by the council last June, added sexual orientation to a list of characteristics, including race, creed, sex, age and disability, that could not be considered in city hiring, promotion and disciplinary action.

Israel begins ground withdrawal

SIDON, Lebanon — About 60 Israeli military vehicles rumbled through Sidon, an occupied south Lebanese town, Sunday to start an announced Israeli pullout from the area, residents said.

Israeli forces sealed off roads and cut electric power in some areas as the convoy of empty trucks and trailers moved through the deserted streets of the port city. Lebanese security sources said the vehicles were heading for Israeli positions at their frontline on the Awali river, just north of the Sidon outskirts and 24 miles south of Beirut. The convoy's arrival was the first ground sign of a three-stage Israeli withdrawal from south Lebanon announced by the Israeli cabinet last Monday.

Mother Teresa seeks mission site

PEKING — Mother Teresa of Calcutta arrived in Peking Sunday and said she had come to China hoping that one day she could found a mission for her sisters to work among the poor and sick. Asked if she thought the Communist Chinese authorities, who do not recognize the Vatican, would allow a mission, the Roman Catholic nun replied: "If it is God's will, no one can say no."

China threw out its Christian missionaries after the communist takeover in 1949 and Chinese Christians were severely persecuted in the 1966-76 ultra-leftist Cultural Revolution. But the government has relaxed its attitude and senior priests from the breakaway Chinese Patriotic Catholic Association greeted Mother Teresa as she emerged from a crowd of tourists and businessmen.

Victims believed to be guerrillas

STUTTGART, West Germany — One person was killed and another wounded Sunday in a bomb attack on a computer data center in a Stuttgart suburb and police said the victims could be members of an urban guerrilla group blown up by their own bomb.

A statement from the state of Baden-Wuerttemberg criminal investigation office said the body was probably that of a man and the wounded person was female.

The center is located in a building in the industrial district of Vaihingen used by a large construction company and the West German aerospace research department. Damage from the explosion was estimated at millions of dollars, police said.

Test-tube babies celebrate births

LONDON — Two sets of triplets and nearly 30 other babies, all conceived in a test tube, celebrated their birthdays at a party in London Sunday.

The party was organized by Ian Craft, director of gynecology at the private Cromwell Hospital in west London, who treated the children's mothers. He told reporters he had held the party to show how much happiness the test tube babies had brought. He added that he was in favor of strict guidelines for embryo research and opposed commercial surrogacy, or "rent-a-womb," as it has been dubbed.

'AN EXTRAORDINARY MOVIE!'

"So compelling and convincing you can't tear your eyes from the screen. It is not to be missed."

-Newsweek, David Ansen

"The best film I've seen this year. At its best, movies just don't get any better."

-Good Morning America, Joel Siegel

"Unforgettable. A movie to haunt your memory. One of the ten best of the year."

-CBS Morning News, Pat Collins

"One has to admire the honesty of 'The Killing Fields.' This is the clearest film statement on how the nature of heroism has changed."

-Time Magazine, Richard Schickel

EVERY SO OFTEN, THERE IS A FILM THAT IS DESTINED TO BE TALKED ABOUT AND REMEMBERED FOR YEARS TO COME.
