Get to the answers faster. With the TI-55-II.

What you need to tackle the higher mathematics of a science or engineering curriculum are more functions — more functions than a simple slide-rule calculator has.

Enter the TI-55-II, with 112 powerful functions. You can work faster and more accurately with the TI-55-II, because it's preprogrammed

to perform complex calculations — like definite integrals, linear regression and hyperbolics — at the touch of a button. And it can also be programmed to do repetitive problems without re-entering the entire formula.

Included is the *Calculator Decision-Making Sourcebook*. It makes the process of using

the TI-55-II even simpler, and shows you how to use all the power of the calculator.

Get to the answers faster. Let a TI-55-II show you how.

RHA OKs resolution on common area use

By Diana Johnson
Staff Reporter

A resolution supporting Harper-Schramm-Smith senate's power to regulate the use of common areas in the HSS complex was passed unanimously by the Residence Hall Association.

RHA senators discussed the resolution for almost two hours during their meeting Thursday.

RHA's resolution also orders a delay in opening the Smith Hall athletic study facility until a satisfactory, viable solution is reached with the HSS senate.

RHA's action was requested by the Smith Study Area Investigative Committee. The resolution says the women's athletic study area in Smith Hall was researched and construction was begun without consulting any student or student government, violating HSS residents' rights.

The Smith Study Area Investigative Committee plans to meet with Rudy Lewis, vice chancellor of student affairs and UNL women's and men's athletic department.

"We want to find out the story of exactly what happened," said Sydney Warner, committee chairwoman.

After a meeting with UNL Housing Director Douglas Zatechka Wednesday, Warner said Zatechka was approached in mid-July by Chancellor Martin Masengale and UNL Athletic Director Bob Devaney to find a location in the residence halls for the women's athletic study facility.

"Zatechka was under pressure to give them an answer as soon as possible he told us," Warner said. "We want to know why it was rushed so quickly and why they couldn't wait until the students returned from summer vacation so they at least could be told."

The investigative committee also asked for ASUN's support in its research but was refused when the bill was dropped during a special session of ASUN, also Thursday.

"We will continue to go through the normal procedures in our investigation until all our questions are answered," said Dan Hofmeister, investigative committee member and ASUN senator.

"Negotiation is the key in this issue," Hofmeister said during the special session.

HSS senate will meet in open forum at 6:30 p.m. tonight in the HSS food service. Zatechka will speak. Devaney also was invited to speak, said Mike Baacke, HSS senate member.

Police Report

The following incidents were reported to UNL police between 12:51 a.m. Thursday and 9:32 p.m. Saturday.

Thursday
