All colleges catalogued

New combined undergraduate catalogs will be distributed to students next week in the Nebraska and East Unions.

Catalogs will be available in the ASUN office, Nebraska Union 115, and the Campus Activities and Programs-East office, East Union 300, from March 17 to April 5, said Regina Rogers, graduate assistant for the vice chancellor for Student Affairs. After April 5, catalogs will be sold at the Nebraska Bookstore.

combination of each college's separate catalogs.

The new catalog contains faculty listings, departmental information and course listings with explanations, he said.

"This new catalog is nicer because students can find out about courses in other colleges apart from what they are tied into," Rogers said. It will help students interested in electives and general requirement courses because everything is listed in one place.
