

NOW HIRING. PART-TIME. UP TO \$27,000 TO START.

Here's the deal. You agree to serve with us two days a month and 15 days a year. And you may qualify for up to \$27,000 in educational benefits and bonus money. All on top of your regular Guard pay. Just pick from a special group of technical fields that includes communications, electrical power production, food service, fire protection and more. Train to do a job in that field. And, depending on the job you choose, you may qualify for up to \$27,000 in benefits. Plus, you'll pick up skills you can use to land a civilian job right now. So even without the bonus money, the Air Guard can be a valuable experience. But adding \$27,000 in benefits makes it the most rewarding part-time job in America. To find out more, contact your local Air Guard recruiter.

Adventure 101.

We teach adventure in a class we call learning to fly. But you'll call it fun. Because when it comes right down to it, fun is what flying is all about. Flying can make more fun possible for you, too. With rental aircraft widely available at affordable rates, you can go to more places where the fun is, more often. Think of the great getaways you could plan to escape the pressures of making the grade. Think about how much mileage you could get out of a pilot's license in that career you're planning. Now think about coming to see us. And start an adventure that will last a lifetime.
