\*\*\*

Four UNL professors will conduct an information and question/answer session this week to help students decide on majors and careers they may wish to pursue.  
 Criminal Justice Professor Fred Holbert, Social Work Professor Alice King, Psychology Professor Daniel Leger and Sociology Professor Suzanne Ortega will sponsor the session in the Nebraska Union on Thursday from 3:30 to 4:30 p.m. All students are welcome to attend.

## Conference on East-West relations

A major international conference for academic specialists in East-West relations from the United States and Germany will be at UNL through Wednesday.

The conference, "The Road Ahead: Strengths and Weaknesses of East and West," is being hosted by the UNL Institute of International Studies, said Richard Lonsdale, acting executive dean of international affairs. The conference, which began Sunday, is at the Nebraska Center for Continuing Education, 33rd and Holdrege streets.

Sponsors are the Conference on European Problems and the Studiengesellschaft fuer Fragen mittel und Osteuropaeischer Partnerschaft of West Germany.

Ivan Volgyes, UNL professor of political science, said the conference on Eastern European Problems has been in existence for more than 30 years. Its meetings have been held to discuss ways of reinforcing relations between the United States, Germany and other Western allies. The West German organization, closely concerned with European politics and society, is joining the UNL conference to broaden the scope of conference topics.

Topics on the conference agenda include Soviet-American-European relations, the role of the United States and Germany in the alliance system and the changing role of the American-Soviet relationship.

## "IT IS VERY IMPORTANT TO ME TO HAVE MY CONTACT LENSES FITTED PROPERLY."

Like most people, I'm on the go alot. I tried contact lenses a few years ago and was never really happy. Wearing contacts helped my vision but they became a hassle because of the mild discomfort and occasional fuzzy vision.

I asked several of my friends who wear contacts to recommend a specialist, and most of them recommended Dr. Powell at the International Contact Lens Clinic.

I went to their clinic for a no charge consultation to talk about new contact lenses. Their office offers complete contact lens services and complete optical services including:

- thorough examination, individual fitting, and close supervision
- curbside parking, convenient central Lincoln location
- appointments available lunch hours, and Saturdays
- eight week trial program for
  - close observation of comfort and eye health
  - lens strength or fitting modification if indicated
  - no charge for damaged lenses
- spare glasses, sunglasses and special solutions for sensitive eyes
- a continuing care program — future upgrading of contact lenses as scientific progress is made.

I decided to have them fit my eyes, and I was very comfortable with their professional approach, their fees, and their thoroughness.

Everyone in their office helped me become a successful wearer. I consider their office outstanding, and I recommend them to all my friends.
