**Are those long walks to class wearing on your feet?**

Dr. Paul Klawitter and Associates of  
 Ambulatory  
**Foot-Ankle Clinic**

say:  
**THINK OF YOUR FOOT FUNCTIONING VERY SIMILAR TO THE FRONT END OF YOUR CAR.**  
 When your car's out of alignment  
 The tires wear out  
 Uneven stress is placed on the frame  
 The steering wheel begins to shake  
 Soon the car functions so badly, you can't drive it

**THE MISALIGNED FOOT DOES THE SAME THING.**  
 Pressures develop and trouble starts immediately  
 Bones move against bones  
 Ligaments become stretched  
 Soon the entire alignment of your entire body is faulty

**SYMPTOMS OF FAULTY FOOT FUNCTION**

- localized foot pain
- then bunions, corns, and calluses
- before long, pain in the knees
- hip pain, leg cramps
- back pain
- and even neck pain-headaches
- fatigue

**YOU JUST HURT ALL OVER!**

An information sharing and discussion session for non-traditional job searchers (i.e. for those who must consider special life circumstances as they search for employment) will be offered Nov. 5 from 2 to 3 p.m. in the Nebraska Union. Check the daily schedule for room location.

Topics include: creative approaches to job searching, dealing with skeletons from the past, obtaining the interview and surviving it, obtaining relevant information and other issues as raised by participants.

**Interviewing Tips**

Before you walk into an interview, know your assets. A common question posed by recruiters is "Tell me about yourself." Use this request to your advantage by stating your abilities.

For each quality — organized, disciplined, motivated... have three personal experiences to support it. For example, make your organizational skills evident by mentioning your coordinating a dance for your sorority, developing annual programs for a speech club for the last two years and serving as president for an accounting association.

Verbalize these ideas by practice interviewing with a friend. You will feel more confident by knowing what to say ahead of time.

Have you ever looked at the list of companies who will be recruiting on-campus through our office and said: "There is nothing here for me?" Don't despair... On-campus interviewing is only a very small, but very visible, part of what we do. Did you know that we receive over 40,000 job listings every year? These openings are in every discipline imaginable. Don't overlook these listings whether you want to stay in Lincoln or go to California.
