"IT IS VERY IMPORTANT FOR ME TO HAVE MY CONTACT LENSES FITTED PROPERLY."

Like most people, I'm on the go alot. I tried contact lenses a few years ago and was never really happy. Wearing contacts helped my vision but they became a hassle because of the mild discomfort and occasional fuzzy vision.

I asked several of my friends who wear contacts to recommend a specialist, and most of them recommended Dr. Powell at the International Contact Lens Clinic.

I went to their clinic for a no charge consultation to talk about new contact lenses. Their office offers complete contact lens services and complete optical services including:

- thorough examination, individual fitting, and close supervision
- curbside parking, convenient central Lincoln location
- appointments available **lunch hours, and Saturdays**
- eight week **trial program** for
 - close observation of comfort and eye health
 - lens strength or fitting modification if indicated
 - no charge for damaged lenses
- spare glasses, sunglasses and special solutions for sensitive eyes
- a **continuing care program** — future upgrading of contact lenses as scientific progress is made.

I decided to have them fit my eyes and I was very comfortable with their professional approach, their fees, and their thoroughness.

Everyone in their office helped me become a successful wearer. I consider their office outstanding and I recommended them to all my friends.
