#### Panels discuss business during B-Week celebration

By Tami Schuetze Staff Reporter

Dean Gary Schwendiman of the College of Business Administration welcomed more than 100 high-school students attending the annual Business Week, or "B-Week" Monday at UNL.

Schwendiman said today's society is changing and youth need to move with it. More than 12,000 students have graduated from the college, most wanting and hoping to keep up with change. He asked the students to think

about what they wanted for themselves, and if the university could help them. He noted a few famous and success-

ful Nebraskans who attended the university and told how they reached their positions. "Successful people just keep moving

. . . when the answer is no," he said. "Persons are responsible for the happiness and success of themselves."

person stronger, he said.

just business majors.

Tuesday at 12:30 p.m. in CBA 119, Todd Kelly, a 1984 UNL graduate currently working for IBM, will discuss "Communication and Motivation."

Wednesday, about a dozen companies will talk to students about their prospective careers in the Nebraska Union lobby. That evening from 7:30 to 9:30 p.m. in the Centennial Room, a panel discussion will be held on Nebraska's economy and the university's role. The panel includes Don Macke, consulting economist with the special committee on economic development of the Nebraska Legislature; Dr. Sang Lee, chairman of management and executive director of the Nebraska productivity and entrepreneurship center; and Lt. Gov. William Nichol.

Thursday Millie Katz, coordinator of the Internships and Cooperative Education Office, will present possible internships for university students. Overcoming difficulties will make a Activities will be wrapped up Friday with a party at Robber's Cave on High-The rest of B-Week will include way 2 from 3 to 6 p.m. The public is activities for all college students, not welcome to attend any of the workshops and activities.

## \$995,000 room in doubt stadium addition proposed

By Jen Deselms Senior Reporter

Despite continued discussion about a proposed \$995,000 meeting room for the UNL football team, the room may be far from becoming reality.

Although the room is included in the \$16.6 million recreation center and practice facility budget, it may not be located in the new center. It may never be built at all, some officials say.

Vice Chancellor of Business and Finance John Goebel said in a Monday press conference that the new center is room. Goebel said the meeting room to build the meeting room.

would be better if it was closer to the stadium. A proposal to build an additional floor onto the South Stadium is being considered.

Currently, offensive players meet in an auditorium in the South Stadium and defensive players watch game films in a locker room.

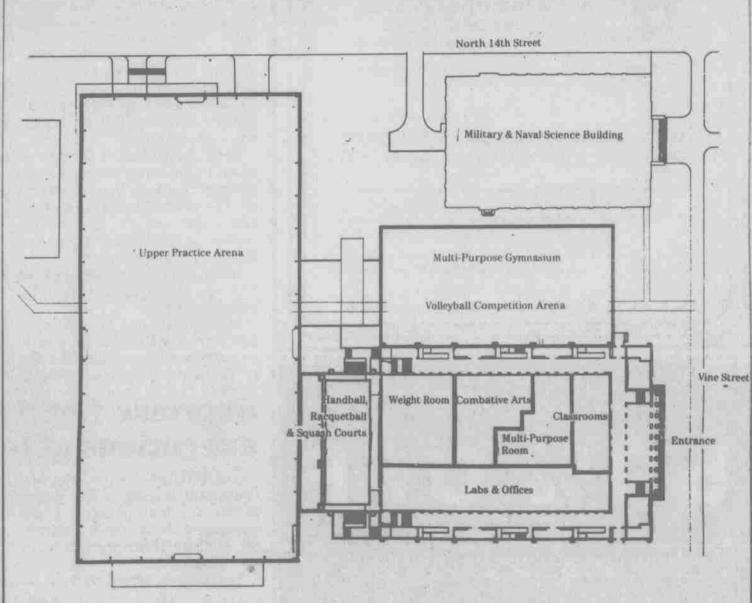

Sports Information Director Don Bryant said the estimated cost of nearly \$1 million is not set because the final cost depends on where - and if - the room is built.

Goebel said planners are still look-

According to the Sunday Journal-Star, Nebraska football coach Tom Osborne was dissatisfied with the estimated cost of building an additional floor to South Stadium.

"I had a meeting with the people in charge of the design statement and said, 'That's no good. We can't afford that kind of money,' "Osborne said. "I told them that if the meeting room couldn't be done in the \$100,000 to \$150,000 range, to forget it. We want a meeting room, but we don't want an exorbitant thing."

Osborne and Athletic Director Bob not the ideal place for the meeting ing for the least expensive, quality way Devaney could not be reached for comment Monday.

This diagram is of the main level of the student recreation center and indoor practice field. The field level contains the practice football field, storage areas for the recreation and athletic departments, a swimming pool, lockers and showers, training and first aid center, and administrative offices for campus recreation, the athletic department and Health, Physical **Education and Recreation.** 

The upper level contains an upper practice arena over the football field, an upper gymnasium and running track, a multi-purpose courts area and handball, racquetball and squash courts.
