

# Osborne: Williams has made progress

WILLIAMS from Page 13

thing, he'll be one of your better players," Williams said.

Nebraska coach Tom Osborne said Williams is one of the top five or six recruits in a recruiting class considered among the best in the nation. He said it is unusual that a player with Williams's abilities went unnoticed.

"He had some kind of conflict with his coach that kept him from getting the kind of recognition a guy with his talents obviously deserves," Osborne said.

Williams used his 4.5 speed in the 40-yard dash to attract attention as soon as he arrived on campus.

Osborne said Williams has made good progress in learning the

offense and could get a chance to play against Kansas.

"He's in the picture," Osborne said. "We hope to give him a chance to play within the next two or three weeks to see how he does relative to some of the other players we have."

Williams has been practicing with the varsity and playing with

the freshmen this season. Friday he will travel with the freshman team to play the Air Force reserves, then fly back for the Kansas game. The rest of the freshman team will return by bus.

Williams has dominated Nebraska's two freshman games, carrying 14 times for 148 yards and four touchdowns.

Williams said he is anxious to play with the varsity. That's the first step, he said.

And one day, he said, he is going to play a major part in beating his former coach's alma mater.

"I will play a big part in beating Oklahoma one day," he said. "And when it happens, I hope he's there to see it."

## Adventure 101.

We teach adventure in a class we call learning to fly. But you'll call it fun.

Because when it comes right down to it, fun is what flying is all about. Flying can make more fun possible for you, too. With rental aircraft widely available at affordable rates, you can go to more places where the fun is, more often.

Think of the great getaways you could plan to escape the pressures of making the grade. Think about how much mileage you could get out of a pilot's license in that career you're planning.

Now think about coming to see us. And start an adventure that will last a lifetime.
