I know you've been thinking about him a lot so, I'm going to help you — like it or not. You tried to help me. I thought I was strong and you see what happens when it starts out wrong. Maybe he'll tempt you and maybe he won't, so take my advice now and tell him you don't. Sure he is funny and handsome and smart, but when it's all over he could break your heart and I think that you're much too special and wise to fall for the one who's a worm in disguise.
