

# NU women gymnasts fall to Buckeyes

By Lori Griffin  
Staff Reporter

The balance beam and the uneven bars proved to be the downfalls for the Nebraska women's gymnastics team during its 183.5-182.65 loss to Ohio State Friday night at the Bob Devaney Sports Center.

Nebraska women's gymnastics coach Rick Walton said he was surprised that Nebraska was defeated by

only one point, because four Cornhuskers fell during their routines on the balance beam and uneven bars.

"When you have four or five girls fall off bars and beam, it's amazing we came within a point of them," Walton said. "Bars and beam are the two events that make or break a team, and we didn't do well on either one."

Walton was disappointed with the meet's outcome because Nebraska had battled Georgia, the defending

national champions, to within two-tenths of a point earlier this season.

"We just weren't very good, and I don't know the reason," Walton said. "The girls were flat. I don't think it was a letdown after pressing Georgia so closely, but I do think they took some things for granted in practice during the past week."

"It showed in their performance." Ohio State women's gymnastics coach Larry Cox was pleased with his

team's performance. He said the Buckeyes were able to overcome a shaky performance on the balance beam en route to the victory.

"This is the first meet that we have put all of the events together," Cox said. "Beam is usually one of our better events, but we missed on that tonight. It came down to us blowing one event while Nebraska messed up two."

Ohio State's Monica Stavros was

the lone individual winner for the Buckeyes. Stavros won the all-around competition with a 37.5 score while capturing first-place finishes in the vault and balance beam.

Nebraska will prepare for its dual meet against Penn State tonight by watching videotapes, Walton said.

"We've got a lot of video of this meet against Ohio State," Walton said. "We'll see what happened, try to fix it and be back on Monday."

## INTERNSHIP JUNIOR HIGH TEACHER PREPARATION PROJECT

### LINCOLN PUBLIC SCHOOLS/UNIVERSITY OF NEBRASKA-LINCOLN

A fifth year internship experience is being offered for people specifically interested in teaching in the junior high. This is a unique experience designed to provide support between the student teaching practicum and a full-time teaching position. The internship is part of a collaborative project between the Lincoln Public Schools and the University of Nebraska-Lincoln Teachers College. This internship is a full year's experience, combining a half-time teaching assignment in a junior high with a half-time graduate studies component. A stipend will be paid for teaching three classes in a junior high in Lincoln. Nine hours of graduate credit per semester may be earned from UN-L. Completion of the internship may lead to a middle school endorsement. Students who will have graduated by August, 1988 and have applied for both a teaching certificate and intend to see admission to a graduate program are eligible to apply for an internship.  
CONTACT: Dr. Lynn L. Mortensen for information of application forms at:

114C Henzlik Hall, UN-L  
472-1992

### APPLICATION DEADLINE:

FRIDAY, MARCH 4, 1988

### SUBMIT TO:

Junior High Project Team  
c/o Dr. Lynn L. Mortensen  
118 Henzlik Hall

University of Nebraska-Lincoln 68588-0355  
The Lincoln Public Schools and the University of Nebraska are equal opportunity employers.

Student Education Association will meet Tuesday, Feb. 9 at 5:30 in the Henzlik Auditorium. Featured speaker will discuss student teaching and job interviews. Be there!!

## Love confession from an anthemaniac.

As you know, anthemaniacs like myself just go crazy around flowers. So what does my Valentine send me on Valentine's Day? The FTD® Love Note Bouquet!

Well, let me tell you, when I saw those beautiful flowers in that fine porcelain bowl it drove me wild. Besides, this glorious bouquet also came with a note pad and pencil with which I've written my Valentine every day.

And smart Valentines know it doesn't cost much to send us anthemaniacs into this flower frenzy. Just ask your florist to have FTD send one for you.

## Are those long walks to class wearing on your feet?

### LASER SURGERY

Dr. Paul Klawitter and Dr. Martha Thornton  
Ambulatory Foot-Ankle Clinic

THINK OF YOUR FOOT FUNCTIONING VERY SIMILAR TO THE FRONT END OF YOUR CAR

When your car's out of alignment  
The tires wear out  
Uneven stress is placed on the frame  
The steering wheel begins to shake  
Soon the car functions so badly, you can't drive it

THE MISALIGNED FOOT DOES THE SAME THING.  
Pressures develop and trouble starts immediately  
Bones move against bones  
Ligaments become stretched  
Soon the entire alignment of your entire body is faulty

**SYMPTOMS OF FAULTY FOOT FUNCTION**

- \* localized foot pain
- \* then bunions, corns, and calluses
- \* before long, pain in the knees
- \* hip pain, leg cramps
- \* back pain
- \* and even neck pain-headaches
- \* fatigue

YOU JUST HURT ALL OVER!

WHAT CAN YOU DO?

Call Dr. Paul Klawitter and Associates at Ambulatory Foot and Ankle Clinic for free consultation or exam through the month of February.

We are not listed under podiatrist in the yellow pages but under physician D.P.M.

600 N. Cotnei Suite 116 466-0219  
4418 Farnam Omaha, Ne. 556-1599

**\$50 MONO \$50**

Have you had mononucleosis within the last month? If so, your plasma could make a valuable contribution to research and earn you \$50 at the same time.

Additional details, call Karen Huffman at Lincoln Plasma Corp., 474-2335.
