Why does Chester work at the DH?

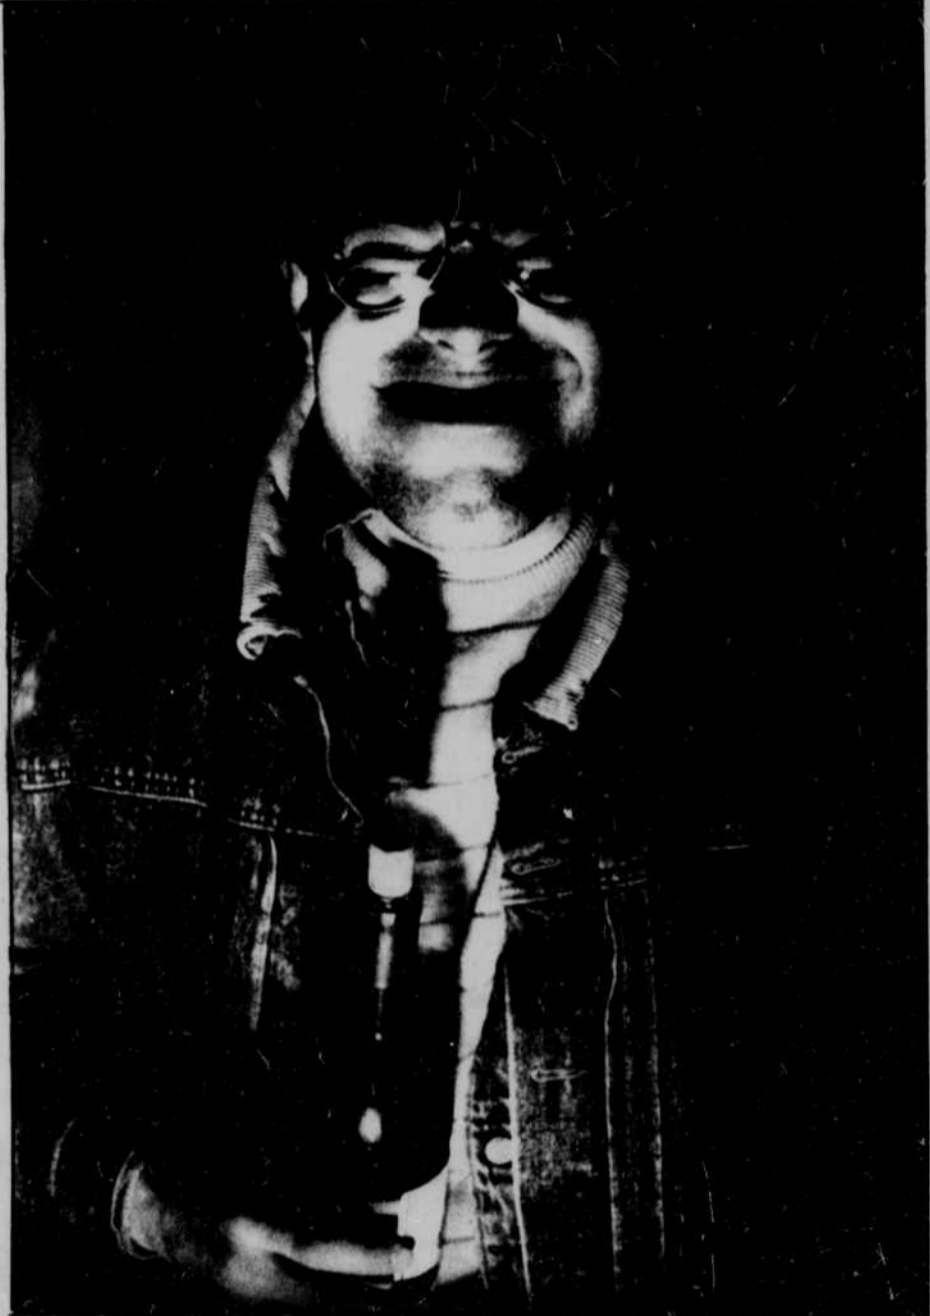

CHESTER BEFORE

Before Chester found the Daily Half-asskin, he was just your tea-toddlng, toothless, run-of-the mill hick. But after one semester of reporting at the DH, Chester found drugs and alcohol. Now his life is really shit! He now drools in public, drinks heavily and farts a lot. But he has improved his writing....

Yes, you too can become like Chester. The DH is now hiring idiots just like him...and you! Apply in person at the DH office. Bring clips, resume and a bottle of cheap wine.
