probably stay in Lincoln and study. He said he might go to a friend's house on Christmas day.

Christos Mantzios, a graduate student from Greece, said he would stay in the dorms and do research.

"I'm going to sit here and work," he said, adding that most foreign

graduate students do stay and study.

But things won't be all work and no play for Mantzios.

"I'll have a little fun, too," he said. Mantzios said he will probably go to a friend's house for Christmas.

Johnson said a "very informal" program was set up so students

could go to Thanksgiving dinner in Lincoln.

"No one's called for Christmas yet," she said, but IES wouldn't mind coordinating something like the Thanksgiving dinner.

SIMPLY GREAT

the NAD 5240 Digital Compact Disc Player with Remote Control

Its outside design is deceptively simple for easy, convenient operation. You can program selections, skip forward and back or locate any musical passage at the touch of a button with an NAD compact disc player. In addition, the model 5240 comes with remote control so you can operate it from your favorite listening position.

However, that simple NAD exterior conceals the most advanced circuitry available today. No-frills outside. High-performance inside. That's the exclusive NAD formula that gives you a CD player with sound that's both simple and great.

As your compact disc specialist, we highly recommend the NAD compact disc players as a musical source that's crystal clear against a background of pure silence. See if you don't agree they're great. Simply great. Right down to the price tag.
