

Two horse bones identified at Morrill Hall

Two horse bones, one of which is a 1900-year-old horse, are being identified at Morrill Hall. The bones were found in the soil along the 10th Street Canal. The bones were found in the soil along the 10th Street Canal. The bones were found in the soil along the 10th Street Canal.

Some of the bones were identified as being from a horse that lived in the area of the canal. The bones were found in the soil along the 10th Street Canal. The bones were found in the soil along the 10th Street Canal.

Some of the bones were identified as being from a horse that lived in the area of the canal. The bones were found in the soil along the 10th Street Canal. The bones were found in the soil along the 10th Street Canal.

Now Pickles Buys Records. And Tapes. And CDs.

And we pay the best prices, too. Just bring your neglected records, tapes or CDs to our downtown store, and we'll make you an offer you can't refuse. In cash, or as credit toward anything in our stock.
