The Foot-Ankle Clinic

THINK OF YOUR FOOT FUNCTIONING VERY SIMILAR TO THE FRONT END OF YOUR CAR.

When your car's out of alignment
The tires wear out
Uneven stress is placed on the frame
The steering wheel begins to shake
Soon the car functions so badly, you can't drive it

THE MISALIGNED FOOT DOES THE SAME THING.
Pressures develop and trouble starts immediately
Bones move against bones
Ligaments become stretched
Soon the entire alignment of your entire body is faulty

SYMPTOMS OF FAULTY FOOT FUNCTION

- * localized foot pain
- * then bunions, corns, and calluses
- * before long, pain in the knees
- * hip pain, leg cramps
- * back pain
- * and even neck pain-headaches
- * fatigue

YOU JUST HURT ALL OVER!

WHAT CAN YOU DO?

Call Dr. Paul Klawitter and Associates at Ambulatory Foot and Ankle Clinic for free consultation or exam through the month of February.
We are not listed under podiatrist in the yellow pages but under physician D.P.M.

Songs focus on interesting music words, thoughts

GIANTS From Page 9

garbage called the blood of the exploited working class." It's hard to tell if this is something that should be laughed at or not, but Linnel's bouncy, show-tune delivery doesn't leave much choice. It's funny.

At first it seems that repeated listenings to They Might Be Giants could become extremely aggravating, and for some of the goofier songs on the album ("Piece of Dirt," or Shoehorn With Teeth"), this is somewhat true. But for the most part, the songs just get better each time. The songs sound less like soft blobs of sugar, and more like just good music. And more and more of the lyrics begin to make sense.

However, perhaps the most important lyrical advice provided for the listener may be in "I've Got a Match" -- "The smell of love is everywhere/You think it's always sensitive and good/You think that I want to be understood." Sometimes, They Might Be Giants don't want to be understood, they just seem intent on making perfect nonsense, and they do it pretty well.
