

DO YOU DARE VENTURE INTO... THE VIDEO VAULT

By Lane Van Ham
Staff Reporter

"Well kiddies, it looks like I'm here again for another Video Vault thriller. Not to deter you bad film fans, but this time it's a good one."
"Yep, heh-heh, from time to time a well-made movie turns up on top all the cinematic sludge we've got

here -- killer shrews, saucer-men and whatnot. I'll just say this: don't missile this one! It's got tunes, bombs, the end of the world, and one of the scariest things I know of -- irony! Oooh, it sends chills up my spine just thinking about it. See ya next time, because armageddon outta here!"

It's somewhat difficult to write

about Stanley Kubrick's "Dr. Strangelove," (1963) because to give a plot summary reduces its suspense to a few dull paragraphs, and to discuss its themes requires a basic knowledge of the plot. But because I consider this such a fine movie, rich in theme and implica-

THE ART AND SCIENCE OF MEDICINE.

Practice both as a UNMC-trained physician assistant.

As a physician assistant, you will work closely with your supervising physician and other members of the healthcare team. You will diagnose and treat patients... and find yourself challenged in a health profession which requires both skill and compassion.

The University of Nebraska Medical Center Physician Assistant Program is one of the premier training programs in the nation. If this field interests you, if you have a good science aptitude and consider yourself dedicated and caring, we're looking for you.

For more information on your career as a physician assistant, contact:
