P.A.M.S.
I wish I had my own exact words to say how I feel, but a recent song summarizes my feelings quite well. I knew it from the start, you would break my heart, but still I had to play this faithful part. You wrapped me 'round your little bitty finger, with your magic smile. You kept me hanging on a lover's cross up while, you put your spell on me, you took my breath away, but there was nothing I could do to make you stay, I'm going to miss you. All the love I feel for you, nothing could make me change my point of view, Oh Girl, I'm going to miss you Baby. Like a honey bee, you took the best of me, Now I can't erase those memories. Like a fairy tale, you were so unreal. You left a scar that's so hard to heal. When you had the taste of paradise, back on earth can feel as cold as ice. I'm going to miss you, I'm going to miss you, I miss you.
Giving all the love I feel for you, couldn't make you change your point of view, your leaving. Now I'm sitting here, wasting my time, I just don't know what I should do. It's a tragedy for me to see the dream is over and I never will forget the day we met, Girl I'm going to miss you--M.U.
You came into my life, changed it for the better, then left. Even though I couldn't keep you, I can keep the memories. You truly are special! I love you!
