MAJOR DECISION

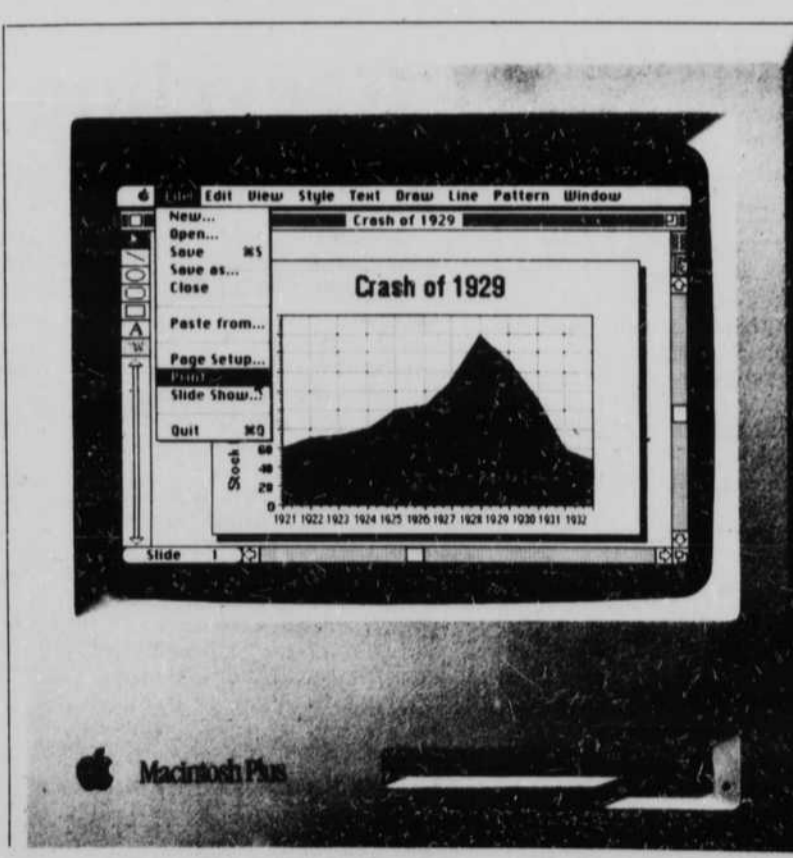

Go ahead. Change your mind.

From Liberal Arts to Engineering...
Business to Advertising...a 2.5 to a 3.5.

Macintosh gives you the flexibility to change your major without falling behind. Or getting bogged down reading confusing manuals.

You'll spend time analyzing the Crash of 1929, forecasting stock trends or designing a new dollar bill. And paying it all off with an A+ presentation.

Decision made. Macintosh.
