P.S. Dinner?

Jenni,
Well, it's FINALLY here - Happy 21! This year we've seen that Stones in Ames, the Wizard of Oz battling the 7 Dwarves, that lingering subway smell, bad parties, good parties, Michael Jackson music echoing in my room, refrigerated cabinets, frozen refrigerators, arctic freezers, and best of all - quality time. Men may come and go, but best friends stick together. Get ready for tonight and remember - Don't dance on the bar! But if you must, blame it on Brain Damage and we'll drive home with your head out the window! Happy Birthday!
Tracy

Jerome,

Thank you for the best three years of my life. When I look into your eyes, they still sparkle with the stars of a thousand galaxies, like the very first time we met. I know it hasn't always been easy, nor will it always be, but we can make it. My love for you grows with each sacred second. Don't worry, I will always be here for you-I could never leave true love behind.
