Kate (XO):
A pistol hot cup of rhyme - This is not a Valentine... I really don't know how things became so tainted between us but it has turned as sour as it will ever get. I feel total animosity and bitter hatred toward you. I had once hoped that you would someday look back on what has happened and regret how you were towards me, and more importantly, realize how much I really, honestly did love you. But how could I expect that when you truly don't even care? So now I could not care less what comes of this whole experience. I've done all the analyzing that I care to - I am sick of thinking about it anymore. You will never be able to understand what you put me thru, no matter what I say. In my final analysis I have come upon the only possible working solution:
I NEVER WANT TO SEE OR SPEAK TO YOU (or Kristine, for that matter) EVER AGAIN!
Goodbye forever.

HAPPY VALENTINE'S DAY!!! Wish that you could be with us today to celebrate, but we'll be together soon! Have a special day and we love you total!!
Dove, Pat & Tracy

Melissa,
If you should ever doubt that I will always hold you dear, I refer you to a quote by our old friend Bill Shakespeare.
"Doubt thou the stars are fire! Doubt that the sun doth move; Doubt truth to be a liar; But never doubt I love."
And I in turn shall never doubt that you do love me too, for in your eyes I see the love when you say "I love you."
I'll never know if it is true, those words of Tennyson, that "it's better to have lost," because I, instead, have won.
And to those who say it's only lust, a love of lesser sorts I'd like to quote Bart Simpson, you all can "eat my shorts."
Happy Valentine's Day
