

Andy Roberts, Osceola, traveled to Lincoln the last weekend in May to take the ultimate free fall off a crane as tall as the State Capitol Building. Radio station B104 sponsored the bungee jumping at a cost of 60\$ for the jump and a videotape.

Radio brings in variety

By Jill O'Brien Staff Reporter

New out-of-town students may discover the biggest obstacle outside of finding classes and obtaining books is ocating a decent station on their boom box or car radio.

For those who prefer easy-listen-ing music, which is pleasant on the ears and generally stress-free, tune in to KFOR (1240 on the AM dial).

And for those who find too much music gets on their nerves, KLIN (1400 AM), Lincoln's talk radio station, offers an agreeable alternative.

KFMQ is Lincoln's rock 'n' roll n' rap station and is accessible at either 1480 AM or 102 FM.

But for those not into rap, KHAT (1530 AM) rolls back the years with songs like "There's a Rose in Spanish Harlem" and could be rated "very easy listening." istening.

Lincoln's FM stations surprisingly

outnumber the local AM stations.

KZUM (89.3 FM), sponsored by
the University of Nebraska, offers alatable alternative music, ranging rom mellow to bizarre.

KTGL (92.9 FM) has acquired the eputation for playing great classic rock hits by the Beatles, Fleetwood Mac, Pink Floyd, Led Zeppelin, the Eagles and occasionally slips in a bit of new rock by a classic artist like Tom

Those who are not into rap, heavy metal or classic, might consider try-ing KLDZ (95.1 FM), Lincoln's old-

ies-all-day station. KFRX (102.7 FM) plays a variety of rock, while KKNB (104 FM) leans toward oldies, easy listening and light

One of Lincoln's newer stations, KIBZ (106.3) is geared toward a lis-tening audience appreciative of hard rock and metal, while it promotes new artists as well as plays proven classics.

For those whose taste is for country-western music, park the dial on KZKX (96FM) or KFGE (105.3FM). KFGE plays primarily new country

KEZG (107 FM) is formatted for easy-listening, no-action oldies by artists like B.J. Thomas or the Bee

These aren't the only stations on the radio, but they keep Lincolnites posted on local events, cancellations, weather, news updates and of course,
