

New releases hit video stores

'The Addams Family' and 'Kuffs' are this week's top releases

"The Addams Family" and "Kuffs" will be making their way today from the big screen to video stores.

movie PREVIEW

"The Addams Family" stars Raul Julia, Anjelica Houston and Christopher Lloyd as a "kooky," "spooky" family, which was adapted from

television's own "Addams Family." This film is definitely worth catching, as it is a verifiable hoot from beginning to end.

Of special note are the hilarious performances from Christina Ricci as the daughter, Wednesday, as well as the outrageous antics of the disembodied hand, Thing.

Also released is "Kuffs," starring Christian Slater and Bruce Boxleitner.

In the film, Slater's star vehicle allows him to be put in the situation of

avenging his policeman brother's death. Slater does this by simply stepping into his brother's shoes.

"Kuffs" is not the best Slater movie ever assembled, even for the diehard Slater fans.

But the film does have a moment or two worth seeing.

"Kuffs" probably could have been a better film if the producers hadn't solely relied on Slater's trademark cockiness to save the film's gaping holes.
