**Recreation for Students with Disabilities**

The Office of Campus Recreation offers the opportunity for students with disabilities to pursue recreational activities. Individual and group interests are being addressed and new programs developed. Current programs may be modified and adapted to meet a student's needs or a new activity can be developed and started.

The Campus Recreation Center has modifications to aid the student with a physical disability. Locker rooms have accessible showers and washrooms. The pool and racquetball levels have a lift for accessibility. Elevators are located at the 14th Street entrance.

If you are interested in sports, recreational activities, or a tour, please contact Leah Hall, Special Programs Coordinator for more information (472-3467).
