Are you
sleeping with
someone
to die for?

The person you're sleeping with could have a sexually transmitted disease. Even AIDS. If you're not up to date on how to protect yourself, you could be making a date with death.

It's not our intention to scare you. What we want to do is help. We sincerely care about you. We're sensitive, understanding and professional. We're also very affordable and everything is confidential.

You can talk to us about anything, and get straight answers. Our extensive range of services: safer sex education and the testing and treatment of sexually transmitted diseases.

To be honest, abstinence is the only sure protection. But we're not going to tell you how to lead your life. We just want to offer you the best reproductive health care you can get.

Make the smart choice.
