Fugitive's bail set at \$500,000

By Angie Schendt

Staff Reporter

Bail for an Arkansas county jail escapee who was apprehended in Lincoln was set at \$500,000 on Thursday.

Chad Beers is charged with attempted robbery, stealing property and use of a deadly weapon. He also is charged with terrorizing and causing bodily harm to a person and fleeing arrest with a motor vehicle.

Beers, who escaped from an Arkansas county jail, was arrested Wednesday

after a chase with Lincoln police down P Street the wrong way. Beers, who was driving a stolen truck from Lawrence, Kan., hit a University of Nebraska mail van.

Police suspect Beers tried to rob a convenience store in Bennet early Wednesday. Police heard the truck was headed for Lincoln, then spotted Beers and began a chase.

About 9:30 a.m., Beers hit a univer-

sity van traveling south on 11th Street. He then began running from the scene of the accident and threatened an off-duty police officer with a screwdriver, police said.

The escapee eventually was cornered in a building at 13th and O streets and detained by the officer and a construction worker.

Beers did not enter a plea to the charges Thursday, because he didn't have an attorney.

There are no small victories in the fight against heart disease.
