Jennifer Jason Leigh, right, plays a successful New York journalist who must confront her past and her mother (Kathy Bates) in Dolores Claiborne.

**Bates carries new King movie**

By Joel Strauch  
Film Critic

No, this isn't a movie about Liz's sister. "Dolores Claiborne" is a movie about how far a mother will go to protect her daughter—perhaps even murdering her husband. Dolores (Kathy Bates) was cleared of any charge after her husband's "accidental" death 20 years before. But now her employer Vera Donovan (Judy Parfitt) has passed away under equally mysterious circumstances, and Dolores is again a suspected murderer. Her daughter, Selena St. George (Jennifer Jason Leigh), has been trying to forget her upbringing in the small remote town of Little Tall Island, Maine, but has to face her personal demons when she returns to help her mother. Based on a book by Stephen King, the movie does a surprisingly good job capturing Dolores' feelings and emotions.

But the book was written in first person, and the movie doesn't do quite enough to bring out Dolores' cynical and biting personality. The film's ending was also changed and the filmmakers left out the book's most dramatic and frightening scene. Overall, this movie made the transition from King book to big screen fairly intact. The acting was a key part of this success. Leigh was good in the role of the daughter who had to turn to alcohol and drugs to deal with her father's death and her mother's possible role in it. Christopher Plummer was exceptional as Detective John Mackey, the investigator in Dolores' first murder charge who becomes obsessed with putting her away. But Bates made the movie. She is a fabulous actress who seems to have a knack for King movies (her Academy Award for "Misery" springs to mind). She captures the bitter essence of a woman who just doesn't give a damn about anyone except her daughter and

**The Facts**

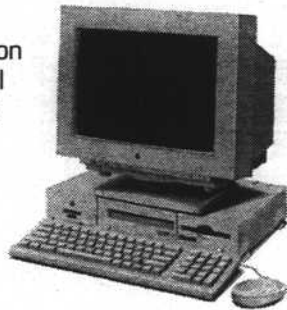

**Film:** "Dolores Claiborne"  
**Director:** Taylor Hackford  
**Stars:** Kathy Bates, Jennifer Jason Leigh  
**Rating:** R  
**Grade:** B+  
**Five Words:** King book survives film transition.

isn't afraid to tell them about it. The cinematography was nothing short of eerie. Weird camera angles, trippy skylines and a fantastic presentation of a total solar eclipse made this movie a feast for the eyes. "Dolores Claiborne" is not the frightfest that many have come to expect of Stephen King movies, but it's an excellent tale of justice served chilled with a side of intrigue and suspense.

Don't wait in line for computers in other labs...

**THE HENZLIK COMPUTER LAB IS OPEN!**

The CRC microcomputer lab located in Henzlik Hall's Design Center has been refurbished with 40 computers including 25 brand new Power Mac's.
