Unfortunately for Coach Mike Clark and the Wildcats, this year's team is the same team that went 13-43 and finished last in the Big Eight

'Last year was extremely frustrating to me and everyone on the coaching staff, but we really couldn't show it on the field," Clark said. "We knew that the nucleus of our team was seven freshmen, and we knew we were going to take some knocks.

The good news is that this year our nucleus is a group of seven sophomores who want to show that they are better than people think."

Clark, who has a career record of

211-232 in eight seasons at Kansas State, said a winning record was the

Wildcats' goal this season.
"I think if we finish around or above .500, that is a realistic goal," Clark said. "We are too young to really challenge for one of the top spots, but I think we could finish year.

The Wildcats also return secondteam All-Big Eight designated hitter Matt Miller, who hit .318 with 4 home runs and 26 RBI.

The junior will split his time be-tween football and baseball this spring. Miller was the second-team quarterback last season and is expected to challenge for Chad May's old job as the Wildcats' signal caller next season.

Clark said progress made by the Wildcats this season would depend on the success of the pitching staff.

"The whole thing comes down to pitching and whether our guys can throw strikes for nine innings and be confident that they can win," Clark said. "If we do that, we are going to have a good, competitive team this

"Overall, we have made reasonably, "he said "but nothing good progress," he said, "but nothing to write home about.'

Osborne said he expected to scrimmage on Wednesdays for the rest of the spring.

Erstad hit his ninth homerun of the season and Wulfing had three hits for the Huskers.

Dalton, Meyer, Todd Sears and Motley all had doubles to help Nebraska's attack. Motley stretched his hitting streak to 20 games with three hits against the Tigers.

Senior righthander Bob Courter allowed two runs in seven innings to improve to 3-0.

Despite Nebraska's hot bats, the Huskers' pitching staff came down with a different type of contagion a soaring earned run average.

Instead of being frustrated with the pitching, Erstad said he and the other Nebraska hitters were confident the pitchers would regroup.

We know our pitchers are a lot better than they pitched this week," Erstad said. "They'll come back, and when they do all I can say is look out."
