The MTV UNPLUGGED concert is a breathtaking experience – a compelling testimony to Dylan's ongoing brilliance and time-honored music – now rendered here in the very same pure, acoustic tradition originally pioneered by Bob Dylan!

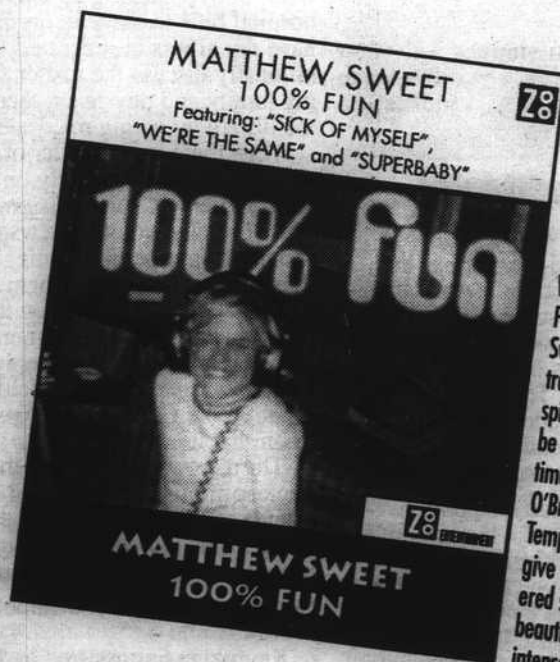

* LP available now – CD/TP available May 2nd

The first-ever collection of songs originally created for his never-completed fourth studio album. With an elaborate booklet of unpublished photos and extensive liner notes, this is the album Jimi's fans have been demanding for years.

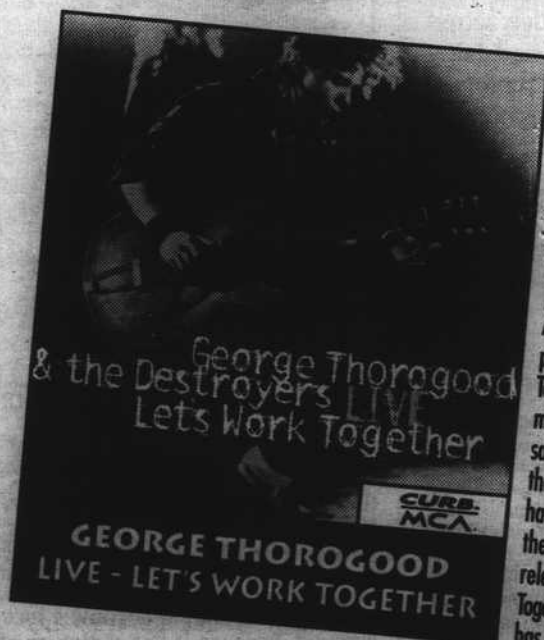

The newest album by 25 million-selling, 26 #1 hit singles – garnering twice-nominated 1994 CMA Awards honoree...

With his fifth album, 100% Fun, Lincoln native Matthew Sweet brings us 12 new tracks, once again with a spin that allows his music to be a delicious surprise. This time out, producer Brendan O'Brien (Pearl Jam, Stone Temple Pilots, etc.) helps give the songs a crisp, layered setting that's at once beautifully subtle and intensely powerful.

While musical styles come in and out of fashion as quickly as a teenager changes his or her mind, the common thread in all great music remains constant – quality of lyric and the power of melody. Homer's and Epic is proud to present a new album from the power pop band that always nails both the lyric and the instantly singable melody, Firehouse.

Let's Work Together Live contains 78 minutes of music and 14 Thorogood classics. The album was recorded over a three night period in St. Louis and Atlanta. The album was produced and mixed by Terry Manning (ZZ Top). With millions of albums and thousands of shows, it is odd that The Destroyers only have one live album to their credit. With the release of Let's Work Together Live, that problem has been solved.
