**BIG SUGAR**  
500 Pounds

**\$11.88 CDs \$8.88 TPs**

Rawness with style. Power with taste. Fueled with elegance. Big Sugar is a smooth ride down a familiar yet mysterious, series of backroads and super-highways. Custom built in Toronto from a weekly lounge lizard scene where the smoke from Havanas fought for air supremacy with the ghost of Chester Burnett, Big Sugar is the mutant melding of Link Wray, Rockin' the Fillmore, Strummer/Jones and a little Mingus thrown in to emulsify the volatile concoction.

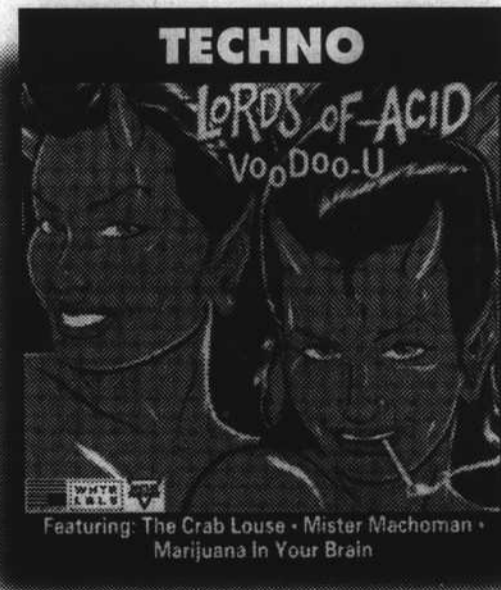

**ELASTICA**  
Elastica

The new wave of new wave, Elastica hails from Britain with a huge buzz in tow. Numerous cover articles in New Musical Express and Melody Maker. Stripped down punk pop for the masses!

**LORDS OF ACID**  
Voodoo-U

Lords of Acid, the pioneering Belgian band who transixed alternative-music and club fans worldwide with their previous album, Lust. Voodoo-U builds upon the band's essential themes: dance/alternative/hip-hop rhythms; industrial-based guitars; abrasive sexuality and sensuality; tongue-in-cheek humor; and, above all, a sense of musical daring that kicks the whole thing into overdrive.
