Theatrix, Hagemeier said, is an organization run by graduate and undergraduate directors.

"Theatrix creates an opportunity for students to direct and for students who may not be right for main stage productions to do some acting, lagemeier said.

Theatrix is more experimental, with minimal use of costumes and props. Instead, it focuses on directors and actors, said Rob McKercher, Theatrix artistic director.

"We do theater in its barest scale and the results are wonderful," McKercher said.

Theatrix shows won't be selected until the fall semester starts. Students who wish to direct a show should present a proposal to McKercher during the first week of classes. Directors will be auditioned Aug. 28-29.

Each Theatrix production receives \$50 budget and access to all theatrical facilities. McKercher said he hoped to produce the shows in alternative venues outside the Temple Building this fall. Theatrix shows cost \$2 for students

The Nebraska Masquers, UNL's drama club, also will produce a show this season. The Masquers produced a festival of original one-act plays last year, Hagemeier said.

Theatre 203, an undergraduate directing class, will also produce a variety of short one-acts throughout the semester.
