So now you can get all the hardware, software and accessories you need to improve your GPA, cruise the Net, maybe even have some fun. And still have enough dough left over to score

tonight's hot pizza and tomorrow's cold pie. If you qualify for an Apple® Computer Loan, you can even get a Mac® for a buck or two a day. (And pay nothing at all for 90 days!) No matter how you slice it, it's a great way to get a taste of real power. The power to be your best.™ **Apple**

*Hey, you wouldn't give your money away to just anyone, would you? Neither can we. Offers expire October 13, 1995. No payment of principal or interest will be required for 90 days. Interest accruing during this 90-day period will be added to the principal and will bear interest which will be included in the repayment schedule. The monthly payment quoted above is an estimate based on a total loan amount of \$2,126.60, which includes a sample purchase price of \$1,999 for the Power Macintosh 7200/75 CD system shown above. The total loan amount also includes a 6.0% loan origination fee. Interest is variable based on the Commercial Paper Rate plus a spread of 6.35%. For example, the month of August 1995 had an interest rate of 12.21% with an annual percentage rate (APR) of 13.99%. Monthly payment for the total loan amount described above would be \$37. Monthly payment and APR shown assumes no deferral of principal and does not include state or local sales tax. Monthly payments may vary depending on actual computer system prices, total loan amounts, state and local sales taxes, and a change in the monthly variable interest rate. Prerequisite: credit check. Prerequisite expedites the loan process, but does not guarantee final loan approval. Subsequent acceptable verification documents must be received before your loan is approved.
