

ASSIST MEDICAL RESEARCH

Before any consumer product or pharmaceutical can be marketed, it must be thoroughly tested for safety and effectiveness. We've been conducting clinical testing at Harris since 1969. In that time, we've become one of the largest and most respected independent testing laboratories in the world.

HARRIS TESTING PAYS

Participating in a research study at Harris is an easy way to earn extra money—up to \$100 a day! All you have to do is have the time to participate and meet the study's health requirements. We have studies to fit anyone's schedule: weekend, weekday, short-visit, and long-term studies are regularly available. You'll even receive a free physical exam before each study.

RELAX AWHILE

Because testing requires a controlled environment, some studies involve overnight stays at a Harris research center. Our research center is like a modern college dormitory with recreation areas, TV rooms with VCRs, lounge areas, and more. So when you're not needed, you're free to relax.

YOUR SAFETY IS OUR FIRST CONCERN

Harris has a reputation for safety. For over 25 years, we've been conducting clinical studies with the help of concerned people like you. During your stay at Harris, your safety is monitored around the clock by our trained medical staff. Your well-being is our utmost concern.

YOU KNOW BEFORE YOU GO

Every Harris study is fully explained before you participate. Most studies involve taking medication in tablet, capsule, or liquid form. Other studies may involve brief visits to our research center where you will receive the study product and be instructed on how to use it at home. Periodically, you will return to the center where our staff can measure the results, usually in less than an hour per visit.

BE PART OF THE CURE

Being a study participant is more than just rewarding for you. By participating in a Harris study, you're helping to improve the quality of life for people around the world.

APPLY NOW AND GET A FREE T-SHIRT

Just complete the application below, return it to Harris, and we'll send you a free "I'm Part of the Cure" T-shirt just for applying. From time to time, we'll mail you information about upcoming studies that we think may interest you and fit your schedule.

Apply now—and be part of the cure. Mail your application to: Harris, Attention: Recruiting, P.O. Box 80837, Lincoln, NE 68501-9930.
