

'Moonwitch' featured show at planetarium

From Staff Reports

This fall, the Mueller Planetarium is featuring an educational and enjoyable production starring our closest neighbor — the moon.

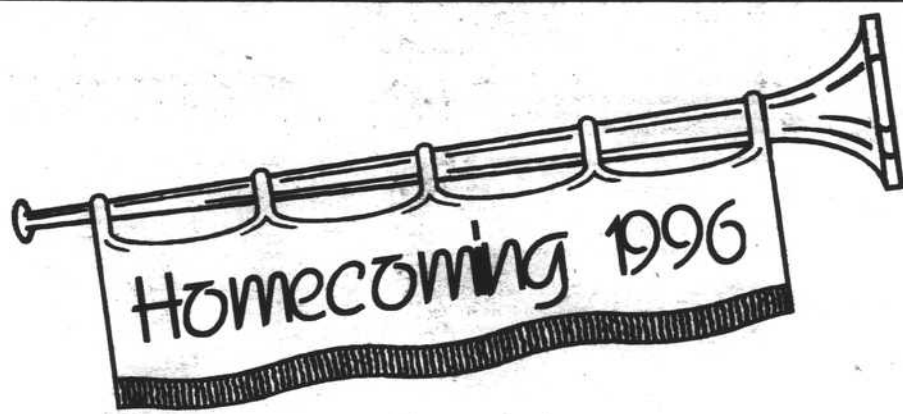

"Moonwitch" is a family-oriented show that explores the moon and its mysteries in an exciting way.

The opening sequence includes a look at evening stars and fall constellations. Later, the audience is introduced to siblings Bill and Diana. When this duo are Halloween trick-or-treating, Diana notices that the moon appears to follow her. Upon their return home, Bill and Diana's parents explain the motion and appearance of the moon.

"Moonwitch" will be running through Dec. 1. It will be shown every Saturday and Sunday at 2 p.m., except for Saturday Nebraska home football games.

Admission for this show is \$3 for adults and \$2 for children and students. Tickets may be bought up to 30 minutes before the show in the planetarium lobby. Mueller Planetarium is on the first floor of Morrill Hall.

For additional information call 472-2641, or visit the Internet web site at <http://www.4w.com/mueller>.
